(*a*) "the Act" means the Indian Electricity Act, 1910; [IX of 1910.]

(*b*) "ampere" means a unit of electric current, and is the unvarying electric current which, when passed through a solution of nitrate of silver in water, in accordance with the specification set out in Annexure I * * *, deposits silver at the rate of 0·001118 of a gramme per second ;

such aforesaid unit is represented by the current which is passing in and through the coils of wire forming part of the instrument marked "Government of India Ampere Standard Verified" when the suspended coil in its sighted position is exactly balanced by the force exerted by gravity in Calcutta on the iridio-platinum weight marked "A" forming part of the said instrument;

(*c*) *"Annexure" means an Annexure to these rules;*

(*d*) "apparatus" means electrical apparatus, and includes all apparatus, machines, and fittings in which conductors are used, or of which they form a part;

* * * * * * * *

(*e*) "bare" means not covered with insulating material;

(*f*) "circuit" means an electrical circuit forming a system or branch of a system;

(*g*) "concentric system" means a system in which a conductor, called the inner conductor, is insulated and in which the circuit is completed through one or more conductors, called the outer conductors, which are insulated from one another and are disposed over the insulation of, and more or less completely round, the inner conductor;

(*h*) "conductor" means *any thing used or intended to be used for the conducting of energy;*

(*i*) "covered with insulating material" means adequately covered with insulating material of such quality and thickness that there is no danger;

(*j*) "cut-out" means any appliance for automatically interrupting the transmission of energy through any conductor when the current rises above a predetermined amount ;

such aforesaid unit is represented by the resistance between the terminals of the instrument marked "Government of India Ohm Standard Verified" to the passage of an unvarying electric current when the coil of wire forming part of the aforesaid instrument and connected to the aforesaid terminals is in all parts at a temperature of 30°C. ;

(*x*) "open sparking" means sparking which owing to the lack of adequate provisions for preventing the ignition of inflammable gas external to the apparatus would ignite such inflammable gas ;

* * * * * * *

(2) The linked switches referred to in sub-rule (1) shall be mounted in one box and shall be protected by a mechanically strong metal casing or metallic covering securely fastened throughout:

Provided that, in places other than factories, if the supply is at low pressure, the protecting covering may consist of stout and durable insulating material, but it shall be so constructed that no metal parts shall be exposed.

(3) Except in cases where—

(a) the motors are switched direct on to the supply-lines without the use of a starting switch or other such device, or

* * * *

65. **Approval of high pressure supply.**—(1) *No licensee or non-licensee shall deliver a high pressure supply* to any person, other than a distributing licensee, except with the approval in writing of an * * Inspector, and subject to such conditions (if any) as such Inspector may think reasonable and proper in the circumstances, and the installation shall not be brought into use until it has been inspected by an * * Inspector or other officer appointed to assist an * * Inspector.

(2) Where energy is to be used by an owner at high pressure, the installation shall not be brought into use except with the approval in writing of an * * Inspector and subject to such conditions (if any) as he may think *fit*.

(3) When the position of a high pressure motor or other apparatus is changed, notice shall forthwith be given to the * * Inspector showing the extent and nature of the change of position.

(4) The owner of any high pressure installation who makes any such alterations in or additions to the installation as affect the supply shall not utilize the alterations or additions for the purposes of supply unless and until they have been approved by an Inspector.

66. **Testing of insulation of high pressure circuit.**—(1) *The owner of* a high pressure circuit, other than an aerial line, shall not *bring it* into use unless the insulation of *supply-line, machine, device or apparatus pertaining thereto* has withstood the continuous application, during one minute, *of the testing pressure given in sub-rule* (2); * * * and the * * * owner * * * shall duly record the results of each test and shall forward *them* to an * * Inspector.

(2) *For the purposes of sub-rule* (1)—

(*a*) *if the normal working pressure does not exceed 1,000 volts the testing pressure shall be 2,000 volts,*

(*b*) *if the normal working pressure exceeds 1,000 volts but does not exceed 10,000 volts, the testing pressure shall be double the normal working pressure,*

(*c*) *if the normal working pressure exceeds 10,000 volts the testing pressure shall be the normal working pressure* plus *10,000 volts*:

* * *

67. ***Charge of high pressure supply-line.*** —A high pressure electric supply-line shall, during its use, continue in the sole charge of an authorised person.

68. **High pressure electric supply-lines and apparatus placed above ground.**—(1) *The owner of all* high pressure apparatus, including every portion of any high pressure electric supply-line (other than an aerial line) placed above the surface of the ground, *unless it is* in a sub-station, or in a compartment specially arranged for the purpose and accessible only to authorised persons, shall *ensure that it is* completely enclosed in, or protected by, a mechanically strong metal casing or metallic covering securely fastened throughout.

(2) *The owner of* all circuits and apparatus *connected with any high pressure apparatus to which sub-rule* (1) *is applicable shall ensure that they are* marked at frequent intervals with the word *"DANGER"*, both in English and in the vernacular *of the district and with the lightning mark prescribed in rule 61. All supports for aerial lines shall be similarly marked.*

CHAPTER VII.

Aerial Lines. * * *

69. **Minimum strength of conductors of aerial lines.**—*The owner* of an aerial line shall *not use it for the supply of energy unless each conductor has a* breaking-stress *of not less* than 700 lbs.:

Provided that, where *the pressure is low and* the span is *of* less than 50 feet and *is* on *the* owner's premises, * * * a conductor having a breaking-stress of not less than 300 lbs. may be used.

70. **Maximum intervals between supports.**—*The owner of an aerial line shall ensure that the conductors are* attached to supports at intervals, not exceeding the safe limits based on the breaking strain of the conductor and the factor of safety prescribed in rule *72*:

Provided that where such a line is erected in, over, along or across any street, the interval shall not, without the consent in writing of the * * Inspector, exceed 220 feet.

71. **Connection with earth of metal supports *and stay wires.***—(*1*) *The owner of every aerial line supported by metal supports shall ensure that these supports are permanently and efficiently earthed. For this purpose a continuous earth wire securely clamped to each support and connected with earth at every seventh support shall be provided, or, alternatively, each support shall be connected to an effective earthing device.*

(*2*) *Where the pressure between any conductor of an aerial line and earth exceeds 250 volts direct current or 125 volts alternating current, all stay wires other than those which are connected with earth by means of a continuous earth wire, shall be insulated to prevent danger from leakage. For this purpose an insulator shall be placed in each stay wire at a height of not less than ten feet from the ground.*

72. **Factors of safety.**—(*1*) *The owner of every* aerial line shall *ensure that it has the following factors of safety*:—

(*i*) for *metal* supports, at least *2·5*;

(*ii*) for *other* supports, at least *3·5*;

(*iii*) for guard-wires or bearer-wires, at least *3*;

(*iv*) for conductors, at least *2*;

under all conditions, *and that the strength of support in the direction of the line is not less than one-fourth of the strength required in a direction transverse to the line.*

(*2*) *For the purpose of calculating the factors of safety*:—

(*a*) the maximum wind pressure *shall be* specified by the Local Government in each case;

(*b*) for cylindrical bodies the effective area shall be taken as two-thirds of the sectional area exposed to wind pressure;

(*c*) *for lattice steel or other compound structures the wind pressure on the lee-side members shall be taken as one-half of the wind pressure on the windward side members, and the factor of safety shall be calculated on the crippling load of struts and upon the elastic limit of tension members;*

(*d*) *the temperature shall be taken as 32°F. or such other temperature as the Local Government may specify.*

(*3*) *Notwithstanding anything in sub-rules (1) and (2)*, in localities where aerial lines are liable to accumulations of ice or snow, the Local Government may, by order in writing, specify such factor of safety as it may think fit and the conditions under which it is to be calculated.

73. **Height from ground and distance from buildings.**—(1) *The owner of any aerial line shall ensure that every* conductor of *the* line (not being a trolley-wire or a traction-feeder on the same support as a trolley-wire) * * * shall be—

(*a*) at *least 20 feet above* the ground *where it is over any part of a street or other public place;*

(*b*) * * * *in*accessible, either from the ground or from any building or structure, whether permanent or temporary, except by the aid of a ladder or other special appliance.

(*2*) (*a*) If, at any time subsequent to the erection of an aerial line, any person proposes to erect a new building or structure, whether permanent or temporary, or to make in or upon any building or structure any permanent or temporary addition or alteration, he shall, if such building, structure, addition or alteration would render the aerial line accessible otherwise than by the aid of a ladder or other special appliance, give notice in writing of his intention to the *owner*, and to the * * Inspector and shall furnish therewith a scale drawing showing the proposed building, structure, addition or alteration and the scaffolding required during its construction, and shall not commence work upon the building, structure, addition or alteration until the * * Inspector has certified that neither during nor after the execution of the work will the aerial line be so accessible.

(*b*) On receipt of such notice the *owner* shall, without undue delay so alter the aerial line as to ensure that it will not be accessible, in such a manner as to contravene the provisions of sub-rule (*2*), either during or after the execution of the work, and may *recover, from the person from whom the notice was received, the cost of such alterations which shall be deemed to include the following items, namely*:—

(*i*) *the cost of additional material used on the alteration,*

(*ii*) *the wages of labour employed in effecting the alteration,*

(*iii*) *supervision charges to the extent of 15 per cent. of item (ii), and*

(*iv*) *any charges recovered from the owner by a local or road-repairing authority for repairs to a road or foot-path impaired by the alteration*;

Provided that the *owner* may, before so altering the aerial line, require the person from whom the notice was received to deposit the estimated cost of such alteration:

Provided further that an * * Inspector may, if he is satisfied that the aerial line has been so guarded as to secure the protection of persons and property from injury or risk of injury, permit the work to be executed prior to, or, in the case of a temporary addition or alteration, without the alteration of the aerial line.

(*3*) Where an aerial line is on a consumer's or an owner's premises, the height from the ground or from any mineral or refuse dump and from parts of buildings or structures to which persons have access shall, unless the conductors are adequately guarded, be not less than 15 feet or such greater height as may be necessary to prevent danger.

(*3*) Where the *owner* erects a new aerial line in proximity to any telegraph wire, or to any aerial line not belonging to him, he shall not bring the *line* into use until he has complied with *sub-rule* (*1*).

(*4*). In all cases referred to in the preceding sub-rules the protection shall be carried out at the expense of the person whose line is last erected and to the satisfaction of the * * Inspector.

(*5*) Where lines cross each other, the crossing shall be made in a direction as nearly at right angles as the nature of the case admits.

(*6*) All guarding arrangements should ordinarily be erected on the posts of the *owner* who shall, in that case, be responsible for their efficient maintenance.

77. ***Lines crossing trolley-wires.*** —*In the case of a crossing over a trolley-wire the guarding *shall fulfil* the following conditions, * namely:—

(*1*) Where there is only one trolley-wire, two guard-wires shall be erected as in *the appended* diagram A.

(2) *In this Chapter* the conductor used for transmitting energy to a vehicle is referred to as the "line", and the other conductor as the "return".

(3) *The owner of the line, return, rails or trolley-wire, as the case may be, shall be responsible for the due observance of rules 85, 86, 87, 90, 91, 93, 94, 95 and 96.*

85. **Pressure of supply to vehicle.**—* * *No person shall supply energy at high pressure* on any trolley-wire or other conductor used in direct electrical and mechanical connection with any vehicle, * * * except with the written approval of the Local Government and subject to such conditions * * as the Local Government may think reasonable and proper in the circumstances.

86. **Insulation of lines.**—* * Every line shall be insulated throughout. * * *

107. **Motors and their transformers.**—(1) Where energy is distributed at a pressure higher than medium pressure: -

(*i*) it shall not be used without transformation to medium or low pressure except in fixed machines in which the high pressure parts are stationary; and

(*ii*) portable motors under 20 H.P. shall be supplied through a transformer stepping down to medium or low pressure.

(2) Where energy is transformed, suitable provision shall be made to guard against danger by reason of the lower pressure apparatus becoming accidently charged above its normal pressure by leakage from, or contact with, the higher pressure apparatus.

110. **Cables * *.**—All cables * *, other than flexible cables for portable apparatus, shall comply with the following requirements:—

(*a*) They shall be covered with insulating material (except that the outer conductor of a concentric system may be bare). They shall be efficiently protected from mechanical damage and supported at sufficiently frequent intervals and in such a manner as adequately to prevent danger or damage to the cables.

(*b*) (*i*) Except as provided in clause (*c*), or with the consent in writing of an * * Inspector and subject to the provisions of clause (*f*) and to such further conditions as the * * Inspector may impose, no cables other than concentric cables, or two-core cables or multi-core cables protected by a metallic covering, or single-core cables which contain all the conductors of the circuit, shall be used where the pressure exceeds low pressure *direct* current or 125 volts alternating current.

(*f*) Unarmoured cables or conductors, used with the consent of an * * Inspector as provided in sub-clause (*i*) of clause (*b*) shall be either conveyed in pipes or casings or suspended from efficient insulators by means of some non-conducting material which will not cut the covering and which will prevent contact with any timbering or metal work. If separate uncased wires are used, they shall be kept at least one and a half inches apart and shall not be brought together except at lamps, switches and fittings.

111. **Flexible cables.**—(1) Flexible cables for portable apparatus shall be two-core or multi-core and covered with insulating material which shall be efficiently protected from mechanical damage. If a flexible metallic covering *is* used either as the outer conductor of a concentric system or as a means of protection from mechanical damage, *it* shall not be used by itself to form an earth conductor for the portable apparatus, but it may be used for that purpose in conjunction with an earthing core or other earthing wire.

(2) Every flexible cable for portable apparatus shall be connected to the system and to the portable apparatus * by a properly constructed connector.

(3) At every point where flexible cables are joined to main cables a switch shall be provided *which is* capable of entirely cutting off the pressure from the flexible cables.

(*c*) The pressure shall be *cut* off the apparatus *immediately* if open sparking occurs, and during the whole time that examination or adjustment disclosing parts liable to open sparking is being made. The pressure shall not be switched on again until the apparatus has been examined by the electrician or one of his duly appointed assistants and the defect, if any, has been remedied or the adjustment made.

(*d*) Every electric lamp shall be enclosed in an air-tight fitting, and the lamp globe * shall be hermetically sealed.

(*e*) A safety lamp shall be provided and kept continually burning near each motor when working and, should the appearance of the flame of such safety lamp indicate the presence of inflammable gas, *the* pressure shall be cut off immediately from *all* apparatus in the vicinity* *and the matter shall be reported forthwith to an official of the mine.

(*2*) If at any time in any place * * the percentage of inflammable gas in the general body of the air is found to exceed one and a quarter, the supply of energy shall be cut off *immediately* from all cables and apparatus in that place and shall not be *recommenced* so long as the percentage of inflammable gas exceeds that amount.

115. **Shot firing** *.—* * (*1*) *When* shot-firing is being carried on * * *adequate* precautions shall be taken to protect conductors and apparatus from injury.

If necessary for the proper fulfilment of the duties detailed in this rule, one or more assistants to the electrician shall be appointed by the aforesaid authority.

(2) Every person appointed to work, supervise, examine, or adjust any apparatus shall be competent for the work that he is set to do. No person except the electrician, or a competent person acting under his supervision, shall undertake any work where, in order adequately to avoid danger, technical knowledge or experience is required.

(3) The electrician shall be responsible for the proper performance by himself or by an assistant appointed under sub-rule (1) of the following duties, namely:—

RESOLUTION.

TARIFFS.

New Delhi, the 23rd March 1935.

No. 38-T. (10).—The Report of the Tariff Board on the question of tariff equality in respect of the manufacture of (1) Carbon Brushes, and (2) Healds and Reeds is published for general information to-day.

2. The Government of India agree with the Tariff Board's finding that a tariff inequality exists in respect of carbon blocks imported for the manufacture of carbon brushes in India and accept its recommendation that this should be removed by reducing the duty on carbon blocks such as are ordinarily used for the manufacture of carbon brushes for electrical motors and generators from 25 per cent. to 15 per cent. *ad valorem*. They consider it unnecessary to undertake legislation specially for this purpose and propose, therefore, to effect a reduction of duty by notification under section 23 of the Sea Customs Act. Before issuing the notification, however, the Government of India consider it desirable to give the Indian Legislature an opportunity to discuss the subject and they will accordingly place a resolution before both Houses proposing that the recommendation of the Tariff Board in respect of the manufacture of carbon brushes be accepted at the first available opportunity.

3. In respect of healds, the Government of India are not convinced that any tariff inequality exists. The calculations of the Tariff Board are based on the assumption that imported yarn is used for the manufacture of healds, but from the evidence led by two of the applicant companies it appears that suitable yarn can be supplied by Indian mills, on which, though it is manufactured from imported cotton, the incidence of duty charges is considerably lower than that on imported yarn. The representations of the firms interested in the manufacture of healds appear to the Government of India to be directed not so much towards the removal of a tariff inequality as to secure a measure of substantive protection. The claim of the industry to the grant of substantive protection was not an issue which came under the consideration of the Tariff Board, and the Government of India are unable to offer any opinion as to whether such a claim has been established. On the evidence before them, however, they find it impossible to accept the Tariff Board's recommendation that the duty on healds should be raised from 10 per cent. to 15 per cent. *ad valorem*.

4. Similarly in the case of reeds, the Government of India are of opinion that the representations of the concerned industires constitute a claim for substantive protection, and failing the establishment of the validity of such claim after the usual enquiry by the Tariff Board, the Government of India are unable to accept the recommendation for an increase in the customs duty on imported reeds.

ORDER.—ORDERED that a copy of the above Resolution be communicated to all local Governments and Administrations; all Departments of the Government of India; the Director-General of Commercial Intelligence and Statistics; the Central Board of Revenue; the Indian Trade Commissioners, London, Hamburg and Milan; the Secretary, Tariff Board; the High Commissioner for India, London; His Majesty's Trade Commissioner in India; the Canadian Trade Commissioner in India; all Chambers of Commerce and Associations; the French Trade Commissioner in India, Burma and Ceylon; the Secretary, Imperial Council of Agricultural Research, and the Chief Controller of Stores.

ORDERED also, that it be published in the *Gazette of India*.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for themaintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. THURSDAY, APRIL 4, 1935.

PART IV

introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 1572L.C.—29th March, 1935.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 28th February, 1935, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL TENANCY (AMENDMENT) BILL, 1935.

A

BILL

further to amend the Bengal Tenancy Act, 1885.

Preamble.

WHEREAS it is expedient further to amend the Bengal Tenancy Act, 1885, in the manner hereinafter appearing; VIII of 1885.

5 and 6, Geo. V, c. 61; 6 and 7, Geo. V, c. 37; 9 and 10, Geo. V, c. 101.

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (*3*) of section 80A of the Government of India Act to the passing of this Act;

It is hereby enacted as follows:—

1. This Act may be called the Bengal Tenancy (Amendment) Act, 1935.

2. It shall come into force at once.

Amendment of section 65.

3. After the words "charge thereon" in section 65 the following shall be added:—

"and the tenure or holding shall first be put to sale in execution of the decree."

Amendment of section 163.

4. (*1*) After sub-section (*3*), clause (*d*), a new clause (*d*) shall be inserted as follows:—

"(*d*) by publishing a concise statement in the local official gazette or in a local newspaper or in both."

5. The present clause (*d*) be renamed as clause (*e*).

6. In sub-section (4), the words beginning with "has been" up to "sold" shall be deleted and the following words shall be substituted:—

"Prescribed by clauses (*a*), (*b*), (*c*) and (*d*) are served and published."

STATEMENT OF OBJECTS AND REASONS.

Under section 65 of the Bengal Tenancy Act it is optional with the rent decree-holder to proceed against the defaulting tenure or holding in the first instance although the rent is first charge thereon. Much difficulty arises in many cases especially in case of co-charer tenants and transfers when the decretal dues are realised by attachment and sale of other properties (moveable or immoveable) of any one of the judgment-debtors and the contribution decrees in such cases are not the first charge on the share of the defaulters in the tenure or holding.

With a view to remedy this defect and remove these difficulties the amendment of section 65 and some amendment of section 163 for the benefit of the mortgagees, charge-holders and unrecognised transferees this Bill is introduced.

KISHORI MOHAN CHAUDHURI,
Member-in-charge.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 1573L.C.—29th March, 1935.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 28th February, 1935, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL (RURAL) PRIMARY EDUCATION (AMENDMENT) BILL, 1935.

A

BILL

further to amend the Bengal (Rural) Primary Education Act, 1930.

WHEREAS it is expedient to amend the Bengal (Rural) Primary Education Act, 1930, in the manner hereinafter appearing :—

It is hereby enacted as follows

Short title.

1. This Act may be called the Bengal (Rural) Primary Education (Amendment) Act, 1935.

Amendment of sec. 6 of Ben. Act VII of 1930.

2. In section 6 of the Bengal (Rural) Primary Education Act, 1930 (hereinafter referred to as the said Act)—

(*i*) In sub-section (*g*) for the words "one member," the words "two members" and in the proviso to that sub-section for the word "two" the word "four" shall be substituted.

(*ii*) In sub-section (*i*) in the first line after the word "school" the words "for every subdivision" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

As the main object of the Bengal (Rural) Primary Education Act is to spread primary education among the rural public, the member of the union boards, union committees and the teachers of the primary schools will be the main factors as they are in close contact with the public, but in the District Primary Education Board the number of their representatives is too scanty. The Bill is intended to increase the number of their representatives.

1. (*i*) This Act may be called the Bengal Race Course Betting Act, 1935.

(*ii*) It shall come into force on such date as the Local Government may by notification in the *Calcutta Gazette* appoint.

(*iii*) It extends in the first instance to Calcutta as defined in the Calcutta Municipal Act, 1923, but it may be extended by the Local Government to any other part of Bengal.

(*a*) " Bookmaker " means any person who, whether on his own account or as servant or agent to any other person, carries on, whether occasionally or regularly, the business of receiving or, negotiating bets or conducting *pari mutuel* or pool betting operations, or who in any manner holds himself out, or permits himself to be held out in any manner as a person who receives or negotiates bets or conducts such operations, and " bookmaking " shall be construed accordingly ; so however, that a person shall not be deemed to be a bookmaker by reason only of the fact that he operates, or is employed in operating a totalisator, and the operating of a totalisator shall be deemed not to be bookmaking.

(*b*) " Race course " means a track on which horse races or dog races take place.

(*c*) " Totalisator " means the contrivance for betting known as the totalisator or *pari mutuel*, or any other machine or instrument of betting of a like nature, whether mechanically operated or not.

(*d*) " Track " means a place where horse races or dog races take place.

Manager of race course and persons carrying on the business of bookmaking and totalisation to take out a license.

3. Every manager of a race course and every person carrying on the business of bookmaking and totalisation shall take out a license annually and on such conditions and on payment of such fees in such manner as may be prescribed by the Local Government in this behalf.

part of the track, to engage either directly or indirectly, and either on his own behalf or on behalf of another, in bookmaking on that track, and if any person contravenes the provisions of this section, that person, and if he is not himself the occupier of the track, the occupier also shall be punished with a fine not exceeding rupees two hundred.

6. (*i*) If on any track

(*a*) any bookmaker or commission agent has any betting transaction with a person apparently under, or known to himself to be under, the age of eighteen years ; or

(*b*) any person engaged in operating a totalisator has by means thereof any betting transaction with a person apparently under, or known to him to be under, the age of eighteen years, then in the first case that bookmaking or commission agent, and in the second case the occupier of the track on which the totalisator is set up, shall be punished with a fine not exceeding rupees two hundred.

(*ii*) If any person employs on any track for purposes of his business as a bookmaker or commission agent, or in connection with the operation of totalisator, a person apparently under, or known to him to be under, the age of eighteen years, he shall be punished with a fine not exceeding rupees two hundred.

(*iii*) Upon a charge under this section in respect of a person apparently under the age of eighteen years, it shall be a defence to prove that, at the time of the alleged offence, he had in fact attained that age.

(*iv*) In this section the expression " commission agents " includes any person who by way of business receives bets to be transmitted by him directly or indirectly to another person with a view to the bets being made by means of a totalisator.

Powers of entry on tracks.

7. Any person authorised in writing in that behalf by the Commissioner of Police in Calcutta or the Superintendent of Police in places other than Calcutta, on producing his authority on demand and any constable may at all reasonable times enter upon any track for the purpose of ascertaining whether the provisions of this part of the Act are being complied with, and every person who obstructs any constable or any person in exercise of his power under this section shall be punished with a fine not exceeding rupees fifty. '

8. Whosoever opens the race course and whosoever carries on the business of bookmaking and totalisation without a license shall be punished with a fine not exceeding rupees five thousand.

Rules.

9. the Local Government shall make rules for

(*a*) the granting of license by such officers as may be competent for the purpose ;

(*b*) the conditions under which the licenses are to be granted ;

(*c*) the fee to be paid for taking out a license.

STATEMENT OF OBJECTS AND REASONS.

Horse-racing is going on in Calcutta and other places in Bengal for a long time and it is also desirable that dog races should be brought into vogue here as in Great Britain. These races should be licensed and therefore it has been provided that no such races shall be lawful without a license. Persons carrying on the business of bookmaking and totalisation are also required to take out license. It has also been provided that betting with young persons shall be unlawful. This Bill is based on Betting and Lotteries Act, 1934 (24 & 25 Geo. 5, Ch. 58) and enacted on 16th November, 1934, by the King's Most Excellent Majesty with the advice and consent of the Lords Spiritual and Temporal and the Commons in Great Britain.

A

BILL

to amend the Bengal Wakf Act, 1934.

WHEREAS it is expedient to amend the Bengal Wakf Act, 1934, as hereinafter provided. Ben. Act XIII of 1934.

It is hereby enacted as follows :—

1. In this Act, the Act means the Bengal Wakf Act, 1934.

2. That the proviso to section 3 of the Act be omitted.

STATEMENT OF OBJECTS AND REASONS.

There is no reason or justification for the exclusion of the Daudi Bohras from the operation of the Act.

When the Mussalman Wakf Act was passed by the Legislative Assembly a provision was laid down giving the discretion to Local Governments to exclude any class or community. At first the Bombay Government excluded the Daudi Bohras but later on, by a motion in the Legislative Assembly, the exclusion was removed. There are a very large section of the Daudi Bohras in the Bombay Presidency, which is practically their home, who desire to be included. It is only the Mollaji and some of his supporters who want exclusion. Bengal should not be utilised in the furtherance of their interests.

THE BENGAL MUNICIPAL (AMENDMENT) BILL, 1935.

A

BILL

further to amend the Bengal Municipal Act, 1932.

WHEREAS it is expedient to amend the law relating to municipalities in Bengal ;

It is hereby enacted as follows :—

Preliminary.

Short title.

1. This Act may be called the Bengal Municipal (Amendment) Act, 1935.

Representation of minority community.

2. In sub-section (*1*) of section 19, the words "population of the municipality according to the latest census" shall be replaced by the words "number of assessed holdings owned by it in a ward or wards of the municipality."

Preparation of assessment list.

3. In clause (*e*) of section 136 the words "and occupier" shall be omitted.

Amendment and alteration of list.

4. (*a*) In sub-section (*1*) of section 138 the words "at a meeting" shall be omitted.

(*b*) The words "(a), (c), or (d)," in the third and fourth lines of sub-section (*2*) of the said section be also omitted and the letter "s" of the word "clause" shall also be omitted.

(*c*) In sub-section (*3*) of the said section the words "and also a notice issued under sub-section (*2*) of section 147" shall be inserted after the words "under sub-section (*2*)."

(*d*) In sub-section (*4*) of the said section, the words "or Secretary" shall be inserted after the word "Vice-Chairman."

Remission and refund on account of vacant holdings.

5. (*a*) In the proviso (*i*) of sub-section (*1*) of section 142, the words "remission or" shall be deleted and the words "of payment" be substituted for the words "on which such notice is delivered at the office of the commissioners" after the word "date."

(*b*) Sub-section (*2*) of section 142 shall fully be omitted and sub-sections (*3*) and (*4*) be numbered (*2*) and (*3*), respectively.

Notice to be given to the Chairman of all transfers, etc.

6. In sub-section (*1*) of section 144, the words "or succeeded" be inserted after the word "transferred" and also the words "of the successor" be inserted after the word "transferor."

Power to sell unclaimed holdings for money due.

7. In sub-section (*1*) of section 525, the word "tax" in the second line shall be replaced by the word "rate."

STATEMENT OF OBJECTS AND REASONS.

1. I, as the Chairman, of the Dacca Municipality, have experienced some practical difficulties in conducting the municipal affairs regarding some sections of the Bengal Municipal Act, 1932, which are now necessary to be amended as per reasons noted below.

2. The census of a town is generally made after every 10 years or more. So the number of the population at the time of election is not accurate. It would be fair and equitable if the number of assessed holdings owned by the different communities be prepared at the time of the preparation of the voters' list and the reservation of seats be made according to that number.

3. Section 132 makes the owner only liable for payment of rates. Moreover, an occupier of a holding changes from one house to another every now and then, so the words "and occupier" shall be omitted.

4. (*a*) Sub-section (*1*) of section 138 provides that the sanction of the commissioners at a meeting is necessary for any alteration or amendment of the assessment register including even arithmetical mistakes. This means curtailment of the power of the Chairman for no palpable advantage and will cause unnecessary delay in disposal of such cases. Moreover, after any amendment of the assessment register is sanctioned by the commissioners at a meeting under section 138 the same should not be revised by the assessment committee which is only a sub-committee as provided in sub-section (*3*) of section 138.

(*b*) The assessee gets two chances, once after assessment, *vide* sub-section (*2*) of section 147, and again after service of first notice of demand, *vide* sub-section (*2*) of section 148, to apply to the commissioners for reviewing the amount of assessment or valuation or to exempt him from the assessment of rate. So, sub-section (*2*) of section 138 should be amended as suggested by omission of clauses a, c, and d therefrom ; otherwise, there will be very much practical difficulty and loss of municipal revenue.

(*c*) This is suggested to make the previous sub-section consistent.

(*d*) This is suggested for facility of work.

5. (*a*) When a holding remains vacant for more than three quarters the order of remission on the original application only can be made within six months, whereas, that for the subsequent quarters will have to be made afterwards. In such cases the application for remission cannot be made within six months from the date of notice. Moreover the application for remission is redundant as the notice of vacancy is practically an application for remission. This is suggested for giving the rate-payers an opportunity to take refund of the taxes when paid through mistake. In the present wording of the section the rate-payers practically get no advantage.

(*b*) This omission is suggested in order to avoid unnecessary delay in realising rates and also the complication of accounts. The rate-payers can get the same advantage by applying under section 130.

6. A suit was filed in the Munsif's Court of Sherpur against the Chairman of the Dacca Municipality under section 144 questioning if the successor need apply for mutation of name. So this insertion is suggested in order to avoid any future dispute.

7. In the new Municipal Act the word taxes means "taxes on carriages and animals" which cannot be applied in section 525.

THE BENGAL MUNICIPAL (AMENDMENT) BILL, 1935.

A

BILL

further to amend the Bengal Municipal Act, 1932.

WHEREAS it is expedient further to amend the Bengal Municipal Act, 1932, in the manner hereinafter appearing; Ben. Act XV of 1932.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Municipal (Amendment) Act, 1935.

Amendment of section 23 of Bengal Act XV of 1932.

2. In section 23 (2)(*a*) the words " other than cart registration fees " within brackets wherever it occurs be deleted.

Amendment of section 23.

3. In section 23 (2) the following be added :—

" (*a*) A person who in the previous financial year has paid for a holding for which municipal rates have been paid a rent of not less than fifty rupees."

Amendment of section 27.

4. In section 27, (*ii*) be deleted and in its place the following be substituted :—

" (*ii*) an elector will have as many votes as the number of members to be elected and he may record all his votes in favour of one or more candidates as he likes."

STATEMENT OF OBJECTS AND REASONS.

Every tax-payer in the municipality has the right to vote at the municipal election and there is no earthly reason why those who pay cart registration fees should be excluded. They are in no way inferior either in intelligence, common-sense or sense of responsibility to the bulk of the electors in the municipal town. If hackney-carriage owners and drivers, butchers, hawkers and such people are qualified to be electors, there is no justification for the exclusion of carters and cart owners. The tenants who actually pay the taxes should not be excluded and preference given to house owners who only collect the taxes and pay them to the municipality.

The electors should be given the right of plural voting, otherwise the minorities will be injuriously affected. No doubt, certain number of seats are reserved for Mussalmans but without plural voting the Mussalmans will not be able to assert themselves and the seats reserved for them will generally be secured by the nominees of the majority community, and the minority community will have very little voice.

A

further to amend the law in force in Bengal relating to public gambling.

WHEREAS it is expedient further to amend the law in force in Bengal relating to public gambling in the manner hereinafter appearing ;

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Public Gambling (Amendment) Act, 1935.

Amendment of definitions as to gaming.

2. In the definitions of "gaming" in section 59 of the Howrah Offences Act, 1857, in section 3 of the Calcutta Police Act, 1866, and in section 1 of the Bengal Public Gambling Act, 1867, after the words "horse race" the words "or a dog race" shall be inserted.

Amendment of s. 14, Ben. Act V of 1922.

3. In clause (*a*) of sub-section (*5*) of section 14 of the Bengal Amusements Tax Act, 1922, for the words "or pony racing" the words "pony racing or dog racing" shall be substituted.

Ben. Act V of 1922.

STATEMENT OF OBJECTS AND REASONS.

It is considered anomalous that the definition of gaming in the various Acts restraining public gaming in Bengal should only except gaming at horse races and desirable to bring it into line with the law recently enacted in Great Britain, where the existence of dog races also is now recognised. At the time of the enactment of the existing law in Bengal dog races were unknown, but there is now no reason to ignore them. The Act should result in a great increase of the public revenue from the amusements tax and further provides a satisfactorily controlled outlet for the large volume of betting and gambling which is now admittedly proceeding in a surreptitious and uncontrollable manner.

L. A. BILL No. 15 OF 1935.

A Bill further to amend the Code of Criminal Procedure, 1898.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898 ; It is hereby enacted as follows :— V of 1898.

Short title.

1. This Act may be called the Code of Criminal Procedure (Amendment) Act, 193 .

Amendment of section 167, Act V of 1898.

2. In section 167 of the Code of Criminal Procedure, 1898,— V of 1898.

(*i*) in sub-section (*1*), before the words " such Magistrate " the words " the place where " shall be inserted and after the words " such Magistrate " the words " ordinarily holds his Court " shall be added ; and

(*ii*) in sub-section (*2*), after the words " this section " the words " after hearing the accused or his counsel if the accused so desires" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

Section 167 of the Code of Criminal Procedure is intended to provide for the necessity of obtaining remand of the accused to custody, so that the police may be enable to complete the investigation. The Magistrate is required to give reasons for granting the remand. The accused has a right in justice to place his side of the case before the Magistrate, before the reasons given by the Police are accepted by the Magistrate. Every person charged with an offence is presumed to be innocent till he is convicted of the crime with which he is charged. Hence the detention before conviction should be as short as can conveniently be made. The accused is entitled to be placed on his trial at the earliest moment and should not unnecessarily be detained in custody. Hence it is in the interest of justice that the accused should have a right to be heard before he is remanded. There have been several cases during the recent years where the accused were not brought to the Court before the Magistrate for obtaining the remand. The Magistrate was instead taken to the place where the accused was detained. Without giving an opportunity to the accused to be heard, the Magistrates often pass orders of remand after hearing the police side of the case alone. This is not in accordance with the principles of justice. Hence the present amendment is necessary in order to make it obligatory on the part of the investigating authorities to produce the accused before the Magistrate in a calm and solemn atmosphere of Court before any order of detention is passed.

WHEREAS it is expedient further to amend the Specific 1 of

Short title.

1. This Act may be called the Specific Relief (Amendment) Act, 193 .

Amendment of section 45, Act 1 of 1877.

2. In section 45 of the Specific Relief Act, 1877 (herein- 1 of

Amendment of section 18, Act I of 1877.

3. In section 48 of the said Act, for the word " ordinary " the word ' appellate " shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Section 491 of the Criminal Procedure Code previously enabled any of the High
of Judicature at Fort William, Bombay or Madras to issue Writs of the nature of *Habeas*
n 1923, this section was amended to allow all High Courts to issue a Writ of *Habeas*

Section 45 of the Specific Relief Act similarly enables any of the said High Courts at C
Bombay, Madras and Rangoon to issue Writs of the nature of Mandamus within the l
heir ordinary original civil jurisdiction. The reasons for allowing other High Courts to
his power in cases falling under section 45 are just as strong if not stronger as they wer
ase of section 491 of the Criminal Procedure Code.

It is, therefore, proposed to extend the power to issue Writs of the nature of Ma

Cases have arisen where justice demanded that the personal appearance of the accused be dispensed with, but section 205, Criminal Procedure Code, stood in the way. STATEMENT OF OBJECTS AND REASONS.

The amendment of section 386 is intended to do away with a hardship. If the Magistrat thinks that the accused is rich enough to pay fine, he need not pass a sentence of imprisonmer in default of fine, while if the accused, in the opinion of the Magistrate, is unable to pay th fine he should order imprisonment in default. *The Governor General has been pleased to accord the sanction required by section 67(2) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

Since the passing of the Wheat Import Duty (Extending) Act, 1934, the Government of India have continued to watch the situation in India and in other world markets. Indian wheat is still out of parity with world prices and there are still in existence considerable stocks which constitute a possible menace to the Indian wheat grower. At the same time the situation has exhibited marked signs of improvement and the Government of India are of opinion that it is now possible to reduce the import duty from Rs. 2 to Re. 1-8 per cwt. It is also proposed to restore the former equality in the levels of the duties on wheat and wheat flour.

2. For some time past the imports of foreign rice into India, especially into the Madras Presidency have been the cause of some alarm to the Indian rice producer. In the last year particularly these imports have reached very considerable proportions and detailed investigations have shown that broken rice, which constitutes the major portion of those imports from abroad, is a very serious competitor with certain of the better grades of rice produced in Madras. The Government of India are, therefore, of opinion that in the interests of the Indian rice grower an import duty at the rate of twelve annas per maund should be imposed on imports of broken rice of foreign origin.

3. It will be remembered that the Wheat Import Duty Act was repealed when the consolidating Indian Tariff Act was passed last September and that the duties, which it is proposed to continue are now an integral part of the Schedule to that Act. The legislation necessary to continue the operation of the wheat and wheat flour duties therefore takes the form of an amendment to the Indian Tariff Act and not as on former occasions of a special Bill extending the life of the Wheat Import Duty Act.

Calcutta, the 30th March 1935.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 28th March 1935.

Forecast of the Rabi Crops of Bengal for 1934-35.

Note.—On an average of the five years ending 1932-33, the area under summer rice in Bengal has represented some 0·4 per cent. of the total area under rice in British India.)

Character of the season.—At the outset weather was wet for the preparatory tillage. From the middle of October dry weather prevailed facilitating field operations of early spring crops. Rainfall in the first week of November somewhat affected the crops in some districts.. Subsequent dry weather was helpful to further sowings and germination. Occasional winter showers helped growth and development generally. Injury was caused to tobacco by hailstorms in some districts. The season, on the whole, was satisfactory this year.

Acreage.—The normal area under the different rabi crops dealt with in this forecast is estimated at 3,517,000 acres. The area actually sown this year is reported to be 3,093,700 acres as against 2,877,200 acres last year. Of this, the area under summer rice is reported at 407,900 acres as against 398,500 acres last year and that under tobacco is 307,600 acres as against 285,700 acres last year.

Outturn.—According to District Officers' estimates, the average outturn of the different rabi crops for the province as a whole works out at 85 per cent. of the normal as against 78 per cent. last year, the outturns for the more important rabi districts being as follows:—Mymensingh 100, Dacca 76, Rangpur 93, Murshidabad 83, Faridpur 92, Pabna 68, Noakhali 70, Rajshahi 81, Tippera 75, Bakarganj 95, Jalpaiguri 84, Malda 85, Nadia 74, Bogra 74 and Jessore 68.

Summer rice and tobacco crops.—The outturn of summer (boro) rice, according to district estimates, is 93 per cent. of the normal as against 91 per cent. last year. The gross yield of the crop for the province on a basis of the normal yield of 15 maunds of clean grain per acre is estimated at 209,000 tons this year as against 199,800 tons last year.

The outturn of tobacco crop is estimated at 88 per cent. of the normal as against 81 per cent. last year. Taking 14½ maunds as the normal yield of the crop per acre, the gross yield of the crop for the province this year is estimated at 144,200 tons as against 123,300 tons last year.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules

GOVERNMENT OF INDIA.

Legislative Department.

The following Bill was introduced in the Council of State on the 14th March, 1935 :—

C. OF S. BILL NO. 3 OF 1935.

A Bill further to amend the Aligarh Muslim University Act, 1920, for a certain purpose.

WHEREAS it is expedient further to amend the Aligarh Muslim University Act, 1920, for the purpose hereinafter appearing ; It is hereby enacted as follows :— XL of 1920.

Short title and commencement.

1. (*1*) This Act may be called the Aligarh Muslim University (Amendment) Act, 1935.

(*2*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Addition of new section 41 to Act XL of 1920.

2. After section 40 of the Aligarh Muslim University Act, 1920, the following new section shall be added, namely :— XL of 1920.

Appointment of Pro-Vice-Chancellor not obligatory.

"41. Nothing contained in this Act or in any Statute, Ordinance, or Regulation thereunder shall be deemed to make the appointment or reappointment of a Pro-Vice-Chancellor obligatory and every reference therein to the Pro-Vice-Chancellor shall be construed as referring to the Pro-Vice-Chancellor, if any."

STATEMENT OF OBJECTS AND REASONS.

In accordance with section 16 of the Act, the appointment of a Pro-Vice-Chancellor is obligatory.

During recent years the proposal that the post should be abolished has met with support on financial and other grounds. On the recommendation of the Court, the University, in their letter dated June 2, 1934, requested the Government of India to introduce amending legislation accordingly.

2. The Government of India, however, were reluctant (and so were the Visiting Board) to have the post abolished, as many were of opinion that an educational head of an educational institution was required. The matter was therefore reviewed by the Court at its meeting held in November last and the original proposal was endorsed by 42 votes against 38.

Another effort made to ascertain the views of the Court has elicited the information that opinion is more or less equally divided.

3. After a careful review of the situation, the Government of India have decided to introduce amending legislation whereby the post of Pro-Vice-Chancellor shall be permissive and not obligatory. By this arrangement, it will be possible for the post of Pro-Vice-Chancellor to be filled at times when the University consider such action to be desirable : but the University will *not* be compelled (as now) to fill the post at times when a Pro-Vice-Chancellor does not appear to be required.

GOVERNMENT OF INDIA.

Legislative Department.

The following Bill was introduced in the Council of State on the 18th March, 1935 :—

C. OF S. BILL NO. 4 OF 1935.

A Bill to protect the Milch Cattle.

WHEREAS it is expedient to remove the ordinary preventible causes for the shortage of milch cattle and also the reduction in the quantity of the supply of pure milk in the country ;

AND WHEREAS the slaughter of such cattle for the purposes of trade in dry meat have largely contributed to the said reduction in the milk supply :

It is hereby enacted as follows :—

1. (*1*) This Act may be called the Indian Milch Cattle Protection Act, 193 .

(*2*) It shall extend to the whole of British India.

(*3*) It shall come into force on the
193 .

2. Milch cattle shall mean and include cows and buffaloes which are giving milk and their she-calves.

3. Any person who sells milch cattle to a butcher or to any other person with the knowledge that such cattle are going to be slaughtered or any person who slaughters a milch cattle either for the consumption of the meat of such cattle within British India or for the purposes of exporting meat of such cattle outside, shall be punished with imprisonment for six months or a fine up to a maximum of Rs. 500 or with both.

4. On conviction for an offence under this Act, the milch cattle meat in respect of which the offence is committed shall be forfeited.

5. All offences under this Act shall be cognisable and bailable and shall be triable in the same manner as prescribed for warrant cases by a magistrate of the first class.

STATEMENT OF OBJECTS AND REASONS.

Pure milk is a staple food required for the nourishment and nutrition of the babies born in this country whose lives are very valuable to the Indian nation as a whole and who are future hopes of the country as well. The increasing scarcity of pure milk largely due to the daily slaughter of milch cattle in the country in considerable numbers have of late contributed mainly to the increased rates in the infant mortality. It is also an every day experience to all of us that pure milk whenever required for invalids and the sick either in the hospitals or in the private houses is not readily available. The ghee and butter supply in the country has also been considerably reduced due largely to the slaughter of milch cattle in large numbers. Consequently, the health of the people in the country has greatly deteriorated and the average longevity of persons living in this country has been considerably reduced. The object of this Bill is to combat these evils as far as possible.

(*a*) Includes figures for the Eden Canal which was amalgamated with the Damodar Canal system during the year under review.

3. **General.**—The total capital expenditure of the department during the year 1933-34 was Rs. 9,12,019 after deducting receipts and recoveries on capital account amounting to Rs. 9,476 as against Rs. 13,24,967 in the previous year. Of this amount, Rs. 9,09,011 was spent on the Damodar Canal Project and the remainder on the Bakreswar Canal, the Grand Trunk Canal and the Madaripur Bil Route projects.

The only important new project under construction during the year was the Damodar Irrigation Canal in the districts of Burdwan and Hooghly. The construction was started in 1926-27 and is now nearing completion. The canal was formally opened on the 2nd September 1933 by His Excellency the Right Hon'ble Sir John Anderson, P.C., G.C.B., G.C.I.E., Governor of Bengal. The head weir at Rondia where the opening ceremony took place has been named after His Excellency the "Anderson Weir." The Canal has been designed to irrigate about 200,000 acres of land in the districts of Burdwan and Hooghly. The works already completed command an area of 41,561 acres, but, owing to the well-distributed rainfall during the kharif season and to the failure of the local cultivators to appreciate the benefits of irrigation by silt-laden canal water, an area of 5,580 acres only came under operation during the year.

The Bakreswar Irrigation Scheme in the district of Bankura, which was taken up in 1927, was completed during the year. The total length of the main canal and distributaries under operation was 21 miles 4,070 feet and the total area under irrigation was 7,361 acres as against an estimated area of 10,000 acres. The area under lease was irrigated satisfactorily and the outturn of crops was the maximum known for many years past in that area.

The newly constructed locks and sluices on the Lower Kumar river (Madaripur Bil Route) were in operation during the year. Although the conditions in the river have changed since the locks and sluices were projected, indications are apparent that they can prove useful in reducing siltation in the river.

The Grand Trunk Canal has been held in abeyance. A small capital expenditure was incurred as in previous years on the upkeep of buildings on the acquired land and on petty establishment and tools and plant.

The expenditure on revenue account during the year amounted to Rs. 27,85,699, of which Rs. 2,79,747 was spent on irrigation works proper, the principal items being the Midnapore, the Bakreswar and the Damodar and the Eden Canals. The Eden Canal having been amalgamated with the Damodar Canal system, the account of the former was incorporated in that of the latter during the year under review. The expenditure on the Midnapore Canal was Rs. 1,50,361, which included Rs. 36,341 for maintenance and repairs and Rs. 1,12,763 for overhead charges. The expenditure on the Bakreswar Canal was Rs. 13,680, while that on the Damodar Canal, including the Eden Canal, totalled Rs. 1,05,074. The rest of the expenditure was on navigation, embankment and drainage works. The expenditure on navigation was mainly for (1) upkeep of five big suction dredgers, (2) maintenance of the Hijili Tidal Canal, (3) maintenance of the steamer and boat routes from Calcutta to Eastern Bengal and Assam, including the reconstruction of the bridges over the Calcutta Canals and Tolly's Nala, to the costs of which the Calcutta Improvement Trust and the Calcutta Corporation contributed in certain cases, and (4) conservancy of some of the principal navigable rivers of the province, such as the Ganges, the Dhalleswari and the Buriganga. The expenditure on the Calcutta and Eastern Canals was Rs. 4,83,742 as compared with Rs. 5,05,868 in 1932-33. Reconstruction work was carried out on the Alipore, Chitpore and Ultadanga (now called Ghuznavi) bridges. The expenditure on the Hijili Tidal Canal, the Sundarbans Steamer Route and the Madaripur Bil Route was Rs. 74,696, Rs. 82,905 and Rs. 2,79,612, respectively, as compared with Rs. 39,469, Rs. 1,02,176 and Rs. 2,41,919 in 1932-33, while the cost of upkeep of the dredgers amounted to Rs. 2,33,117 against Rs. 2,55,000 in the previous year. The increased expenditure on the Hijili Tidal Canal was mainly due to silt-clearance of Range II and thorough repairs to the Kalinagore and Terapakhia lock gates, while that on the Madaripur Bil Route was due to heavy dredging in the Lower Kumar river. Gross receipts from the Calcutta and Eastern Canals, Hijili Tidal Canal,

Sundarbans Steamer Route and Madaripur Bil Route amounted to Rs. 3,58,618, Rs. 45,515, Rs. 60,062 and Rs. 1,68,199, respectively, as against Rs. 3,90,886, Rs. 61,016, Rs. 57,651 and Rs. 1,95,715 in the previous year. In the case of the Calcutta and Eastern Canals the fall was mainly due to heavy slump in trade, while in the case of the Hijili Tidal Canal it was due to general economic depression, inundation of the Contai subdivision by exceptionally heavy rainfall, which affected inland trade, and closure of Range II of the canal for the purpose of silt-clearance. Diversion of steamer traffic through the Bil Route on account of siltation in the Lower Kumar river and heavy depression in trade are the main causes for the drop in revenue receipts from the Madaripur Bil Route.

The total revenue receipts and working expenses of the department during the year were Rs. 12,99,423 and Rs. 27,85,699, respectively, as against Rs. 10,57,651 and Rs. 24,40,231 in the previous year. Though the total receipts apparently increased by Rs. 2,41,772, the actual revenue from different canals further declined for the reasons stated above. The apparent increase in receipts was due to the transfer of certain spare parts of five suction dredgers to stock (suspense), for which credit of Rs. 2,98,962 was taken in the Revenue Account of the dredgers. The value of the spare parts was, however, debited to suspense, which, as well as the increased expenditure on maintenance in the case of certain works, accounts for the increase in working expenses by Rs. 3,45,468.

One of the principal reasons for the high working expenses in this department is the high percentage of establishment charges. This is due primarily to the system of *pro rata* distribution of charges, which has the effect of debiting works with a share of expenditure on the department's general activities. In accordance with the recommendation of the Sub-Committee of the Bengal Legislative Committee on Public Accounts, Government are now considering the revision of the present system of distribution of establishment charges.

As a retrenchment measure, Government also decided to reduce the cadre of the Indian Service of Engineer officers from the sanctioned strength of 30 to 19, and three members of the service were made to retire compulsorily during the year under review. A substantial reduction was also made in the temporary establishment entertained by this department.

There are still a number of administratively approved major schemes which it has not been possible to execute for want of funds. It was not possible to pursue these during the year, and the policy of Government has still perforce been restricted to smaller schemes of local benefit, such as schemes for making small cuts from live rivers in order to introduce a supply of water into the channels of rivers which have deteriorated. The Ghuznavi Cut (from the Mathabhanga to the Nabaganga), constructed during the previous year, has proved efficient and successful, and other schemes of the same kind are now under examination.

The free flushing of malarious areas as a sanitary measure has been continued and extended. This year an area of 14 square miles outside the commanded area of the Eden Canal was flushed. Certain malarious areas comprising 4,900 acres in the Narayangarh and Pingla thanas of the Midnapore district were also thoroughly flushed with the water of the Midnapore Canal. As an anti-malarial measure, these flushing operations have been very beneficial, as indicated by the following spleen indices in the locality:—

Area.	Highest spleen index in previous years.	Highest spleen index in 1933.
	Per cent.	Per cent.
Narayangarh ..	85 (1932)	59
Pingla ..	80 (1931)	57

This department maintained about 1,293 miles of embankment during the year under review. The result of this policy has been the reduction of the flood level in the area concerned, and the feasibility of further progress in this direction is under investigation. The total amount spent on maintenance of embankment and drainage works, such as the Magrahat Drainage Works, the Rajapur Drainage Works, etc., was Rs. 11,42,862 as against Rs. 7,85,822 in the previous year. The increased expenditure was due to the value of spare parts of dredgers being debited to stock (suspense) as also to heavy expenditure on repairing damages caused to certain embankments by floods in the Contai subdivision of the Midnapore district.

The department has also to deal with the protection of towns from river erosion. During the year under review no protective works were undertaken, but the revetment constructed for the protection of Sirajganj was efficiently maintained and periodical observations of the erosion at Noakhali and Chandpur were made.

The department undertakes surveys and investigations with a view to examining the feasibility of working out schemes for irrigation and drainage purposes: it also conducts discharge observations and collects hydraulic data of all important rivers. During the year under review several surveys were continued from the previous year and several new surveys were undertaken. The most important of these were (1) detailed survey of the Subhankar's Danra Project, (2) survey of the Ajoy Canal Scheme, (3) detailed survey of the Darkeswar Reservoir Project, (4) survey of the Messanjore Reservoir Scheme, (5) discharge observations of important streams and rivers in the Bankura and Birbhum districts and (6) survey of the old Brahmaputra river from its junction with the new channel on the north of Mohanganj to Dewanganj and of the Bahadurabad offtake.

The rainfall during the flood season was greatly in excess of the normal. This abnormal rainfall coupled with upland freshets and high sea-tides resulted in high floods in some of the rivers, particularly the Cossye, the Rupnarain and the Kaliaghya. In the Contai subdivision considerable flooding occurred, and large areas in the lower parts of the district were damaged. In order to relieve flood congestion cuts were allowed in Schedule D and Takavi embankments.

No material damage was caused to any work of this department by the earthquake of the 15th January 1934

4. **The Damodar Canal Project.**—The total capital expenditure (direct and indirect) to the end of the year 1933-34 was Rs. 1,03,25,685 as against the revised estimate of Rs. 78,14,981 sanctioned by the local Government. A second revised estimate, together with an up-to-date financial review of the scheme, has been prepared by the Chief Engineer and is under consideration. The Revenue account of the canal was opened from the 1st April 1933. Revenue and working expenses during the year amounted to Rs. 44,676 and Rs. 1,05,074, respectively.

5. **The Bakreswar Irrigation Scheme.**—The capital expenditure (direct and indirect) to the end of the year amounted to Rs. 7,11,370 as against the sanctioned estimate of Rs. 4,90,596. A revised estimate amounting to Rs. 7,76,452 has been submitted by the Chief Engineer and is now under the consideration of Government.

The gross revenue and working expenses were Rs. 13,710 and Rs. 13,680, respectively. The area irrigated was 7,361 acres.

6. **The Midnapore Canal.**—The canal consists of two weirs at Midnapore and Panskura, 65⅛ miles of main and branch canals used both for irrigation and navigation purposes and 284·97 miles of distributaries and village channels. No capital expenditure was incurred on the canal during the year. The area irrigated was 19,517 acres as against 28,136 acres in the previous year. The diminution in the area irrigated was due mainly to the decrease in demand on account of the fall in the prices of agricultural produce.

The receipts and working expenses were Rs. 1,00,347 and Rs. 1,50,361, respectively, the result being a deficit of Rs. 50,014 as against the deficit of Rs. 43,072 in the previous year. Agricultural depression was the principal cause of the fall in revenue.

7. **The Grand Trunk Canal.**—The project has been held in abeyance since 1927-28. The capital expenditure incurred on the upkeep of buildings on the acquired land and on petty establishment and tools and plant amounted to Rs. 8,870, while receipts and recoveries amounted to Rs. 7,783. The result was a capital expenditure of Rs. 1,087.

8. **The Hijili Tidal Canal.**—This khal with the Terapakhia Pass Khal, Palaboni Khal and the khal leading to the Gewankhali lock entrance constitutes a navigation canal 49¾ miles in length. No capital expenditure was incurred on the canal during the year. The receipts and working expenses amounted to Rs. 45,515 and Rs. 74,696, respectively, as against Rs. 61,016 and Rs. 39,469 in the previous year, the result being a deficit of Rs. 29,181 as against a net revenue of Rs. 21,547 in the previous year. The reasons for the increased working expenses and the further fall in receipts have been explained in paragraph 3.

9. **The Calcutta and Eastern Canals.**—These consist of natural and artificial channels about 834 miles long for maintaining communication between Calcutta and East Bengal. There was no capital expenditure on this system during the year. The receipts and working expenses amounted to Rs. 3,58,618 and Rs. 4,83,742, respectively, as against Rs. 3,90,886 and Rs. 5,05,868 in the preceding year. The result was a deficit of Rs. 1,25,124 as against the deficit of Rs. 1,14,982 in the previous year. The reasons for the further fall in receipts have been explained above.

10. **The Sundarbans Steamer Route.**—This route is about 350 miles long. There was no capital expenditure on the route during the year. The gross revenue and working expenses amounted to Rs. 60,062 and Rs. 82,905, respectively, as against Rs. 57,651 and Rs. 1,02,176 in the preceding year, the result being a deficit of Rs. 22,843 as against the deficit of Rs. 44,525 in the previous year.

11. **The Madaripur Bil Route.**—This route connects the Madhumati and Kumar rivers in the Faridpur district and is about 38 miles in length. A capital expenditure of Rs. 1,589 was incurred during the year on the construction of locks and sluices along the Lower Kumar river. The revenue receipts and working expenses amounted to Rs. 1,68,199 and Rs. 2,79,612, respectively, as against Rs. 1,95,715 and Rs. 2,41,919 in the preceding year. The result was a deficit of Rs. 1,11,413 as against the deficit of Rs. 46,204 in the previous year. The reasons for the increased working expenses and further drop in revenue receipts have been explained above.

12. **Dredgers.**—The dredger "Foyers" was employed on dredging the Lower Kumar and the Attarabanka rivers from the 17th October 1933 to the 19th December 1933 and earned Rs. 17,955 as hire, which was credited to the Revenue Account. It remained idle during the rest of the year. The other dredgers(viz., "Ronaldshay," "Cowley," "Burdwan" and "Alexandra " were laid up throughout the year.

Taking all the dredgers together the receipts amounted to Rs. 3,16,198 which included Rs. 17,955, the hire earned by the "Foyers." The remainder was on account of the credit of the value of the spare parts of the dredgers transferred to "15B.—Stock suspense." The total working expenses amounted to Rs. 2,33,117 as against Rs. 2,55,000 in the previous year.

13. **Minor Irrigation, Navigation, Embankment and Drainage works for which neither capital nor revenue accounts are kept.**—These include the Amjore Weir, the Salbund Weir, the Orissa Coast Canal, the Nadia Rivers, the Magrahat Drainage Scheme, Government embankments and other works enumerated in the list at the end of paragraph 3. The total working expenses on these works during the year amounted to Rs. 13,62,512 as against Rs. 11,34,282 in the previous year. The increased expenditure was due to the debit of the value of the spare parts of the dredgers to "15B.—Stock suspense."

14. **River Training Works.**—Bandalling was done in the rivers Dhalleswari and Buriganga with the objects of maintaining a navigable depth of water during the low water season and of ensuring a supply of good drinking water to the city of Dacca. The work was carried out through the agency of the Joint Steamer Companies with a Government subsidy of Rs. 17,500.

The lower reaches of the Baraitali channel were open to steamer traffic throughout the year, although the offtake was in bad condition during the low water season.

Conservancy operations in the river Ganges between Rajmehal and Goalundo were also undertaken by the Joint Steamer Companies to keep up the line of navigation throughout the year with a Government subsidy of Rs. 18,900.

15. **General economic condition.**—Rainfall was abnormal and the general economic condition of the country continued to be unfavourable. Trade depression together with the fall in the price of paddy and other commodities again entailed a decrease in receipts from irrigation and navigation works.

Resolution reviewing the reports on the working of district boards and local boards during the year 1932-33.

GOVERNMENT OF BENGAL.

Local Self-Government Department.

CALCUTTA, THE 26TH MARCH 1935.

RESOLUTION No. 2210 L.S.-G.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

Read—

The reports of the Commissioners of Divisions on the working of district boards in Bengal during the year 1932-33.

1. *District boards.*—There are 26 district boards in this Presidency. The total number of members rose during the year under review from 693 to 696, the increase being due to the reconstitution of the Jalpaiguri District Board with three additional members. Of these members 449 were elected, 147 were appointed non-officials and 100 were officials—mostly Subdivisional Officers who brought with them their intimate knowledge of the rural areas of their respective subdivisions.

There were elected Chairmen in all the district boards with the exception of three. As usual, the Darjeeling District Board had a nominated official Chairman in the person of the Deputy Commissioners. In Midnapore the District Magistrate was reappointed as Chairman of the district board mainly on the ground that its finances were still not on a sound footing and the affairs of the district board were such as to require the continued personal direction of the District Magistrate. In Bankura the District Magistrate had to assume charge of the district board because the previous Chairmen had permitted the resources of the board to be employed for political and antiGovernment purposes. In the case of Mymensingh the District Magistrate was put in charge of the affairs of the district board to remedy its financial embarrassment and on the reconstitution of the board after a general election, the privilege of electing a non-official Chairman was restored to the board. It is hoped that it may be possible in the near future to do the same in the case of Midnapore and Bankura.

During the year under review 362 meetings were held against 379 in the previous year. Of these 2 proved abortive for want of a quorum and 13 were adjourned, as compared with 2 and 15, respectively, in 1931-32. The percentage of attendance was highest in Dinajpur being 94·2 and lowest in Jalpaiguri and Midnapore being 61·45 and 64·1, respectively. It may be pointed out that on an average more than one-third of the members of these two boards failed to attend their deliberations.

2. *Local boards.*—The number of local boards was 84 as in the previous year. They were presided over by 80 non-official and 4 official Chairmen. The total number of members of local boards was 1,342, consisting of 84 officials, 466 appointed non-officials and 792 elected members. The boards held altogether 686 meetings, against 759 in the previous year. Four meetings failed for want of a quorum and 8 were adjourned. The average percentage of attendance was highest (98·30) at Khulna (Sadar); but low attendance was registered at Katwa (52·77), Gaibandha (50·60), Narayanganj (47·7), Kurigram (46·66) and Nilphamari (36·11). The activities of the local boards were limited owing to the paucity of funds placed at their disposal by the district boards and this not unnaturally resulted in an absence of a real sense of earnestness and responsibility.

In a number of cases the control of pounds was transferred from local to union boards, and the general tendency, as in previous years, was to confine the activities of local boards to the administration of grants for village roads for the repair of unmetalled roads, and (in some cases) for the sinking of tube-wells. Local boards can, however, exercise little supervision over union boards, as there is no connecting link between the two, except that some of the Presidents of

union boards are members of local boards. The union boards, on the other hand, tend to look to the local officials and the district boards for guidance, rather than to the local boards.

The average size of a district is so large that it is not possible for a non-official member of a district board to have that intimate knowledge of the requirements of the rural population which is demanded of him. The average resources of a union board are also too small to enable it to engage the necessary staff and take up the responsibility of looking after important roads and bridges as an agent of the district board.

3. *Union committees.*—There are only 12 union committees in the Presidency, viz., 7 in the Midnapore and 5 in the 24-Parganas districts. Of these only the Contai Union Committee levied a local tax under section 118C of the Local Self-Government Act. The others depended entirely upon allotments from the district boards.

These union committees are an anachronism but they survive in Midnapore because the Village Self-Government Act has not yet been enforced in that district. In the five unions in the 24-Parganas in which union committees continued to function it has not hitherto been possible to form union boards owing to the failure of elections under the Village Self-Government Act in 1930 and subsequently to special circumstances of a local character.

4. *Finance.*—The total receipts excluding opening balance amounted to Rs. 139·41 lakhs against Rs. 138·24 lakhs in 1931-32. The receipts under "Local rates" increased from Rs. 75·80 lakhs in 1931-32 to Rs. 77·87 lakhs; under "Interest—for other purposes," from Rs. 91,000 to Rs. 1,14,000, under "Medical—Contributions from Government", from Rs. 13,68,000 to Rs. 13,85,000, and under "Medical—Sanitary fees and fines," from Rs. 11,540 to Rs. 39,267. The receipts under the latter head amounted in Khulna, Dacca and Rangpur to Rs. 7,527, Rs. 5,107 and Rs. 5,450, respectively, as a result of vigorous steps taken in these districts towards the control of adulterated food-stuffs. The receipts under head "Police" fell from Rs. 1,98,000 in 1931-32 to Rs. 1,78,000; under head "Education—Contribution from Government", from Rs. 212·6 lakhs to Rs. 208·7 lakhs; under "Miscellaneous—Contributions from Government", from Rs. 2·92 lakhs to Rs. 2·61 lakhs and under "Civil Works—Contribution from Government," from Rs. 8·60 lakhs to Rs. 8·10 lakhs. The decrease in the Government contribution was due to the necessity for drastic retrenchment in provincial expenditure.

5. *Expenditure.*—The total expenditure chargeable to current income rose from Rs. 139·04 lakhs in 1931-32 to Rs. 139·66 lakhs. The expenditure under head "Education" rose from Rs. 36·76 lakhs to Rs. 37·51 lakhs (the increase being mostly under the sub-heads "Maintenance of Middle Schools and Primary Schools and grants-in-aid"); under head "Medical", from Rs. 34·47 lakhs to Rs. 34·66 lakhs and under sub-head "Veterinary charges, from Rs. 1·73 lakhs to Rs. 1·82 lakhs. The expenditure under head "Administration" was, however, reduced from Rs. 6·96 lakhs to Rs. 6·89 lakhs; under head "Civil Works Establishment", from Rs. 9·10 lakhs to Rs. 8·86 lakhs; and under head "Debts" from Rs. 10·24 lakhs to Rs. 9·44 lakhs.

The closing balance increased from Rs. 30·14 lakhs to Rs. 32·87 lakhs. It is satisfactory that in spite of reduced Government contributions district boards increased their expenditure on education and medical relief. It may, however, be observed that reduction in the expenditure under "Civil Works" below the level of adequate requirements may neutralise the improvements made in the past and may eventually lead to the failure of the district boards in the performance of one of thier primary functions, viz., the maintenance of an adequate system of communications in the district.

The Commissioner of the Rajshahi Division reports that it is an unsatisfactory feature that many district boards have formed a habit of carrying over from one year to the next a large volume of unpaid dues, such as grants to schools, contributions to dispensaries and hospitals and bills of contractors and others. This state of things make it difficult to gauge the true financial position of a board.

The Commissioner of the Presidency Division reports that some district boards overestimate theiir probable income from cess and undertake large

commitments, only to find at the end that the board has been brought to the brink of financial bankruptcy. The importance of cautious and judicious framing of the budget cannot be too strongly emphasised.

6. *Education.*—The total income fell from Rs. 21·91 lakhs in 1931-32 to Rs. 21·58 lakhs. This was principally due to the reduction in the Government contribution from Rs. 21·31 lakhs to Rs. 20·96 lakhs. The total expenditure on primary education alone, however, amounted to Rs. 28·18 lakhs.

The number of board middle schools was 51 with 4,238 pupils and the receipts from them amounted to Rs. 33,838 against an expenditure of Rs. 1,13,165. This represented a net expenditure of Rs. 19·14 per annum per head from the resources of the boards.

The number of board-aided middle schools was 1,126 with 93,024 pupils and the grant-in-aid to these middle schools and 5 high schools totalled Rs. 7,38,344 representing an expenditure of less than Rs. 8 per head per annum by the district boards. The total number of upper and lower primary schools aided and maintained by the district boards was 51,840 as against 50,409 in 1931-32 and the total number of pupils was 611,470 against 611,700.

The number of aided lower primary schools fell from 38,141 to 36,427 but the number of aided upper primary schools rose from 8,047 to 10,846. The increase in the number of aided upper primary schools affords ground for satisfaction, as a large proportion of boys finishing their education in the lower primary stage lapse into illiteracy and this causes a wastage of educational effort.

It is a hopeful sign that the number of girls in aided upper primary schools rose from 65,803 to 97,323. No mention has been made in the reports of the number of girls' middle schools, if any, in the rural areas and of the amount of the district boards' grants thereto.

The total expenditure of district boards on primary education rose from Rs. 28,08,955 in 1931-32 to Rs. 28,18,423. The total income of primary schools from private sources, however, fell from Rs. 27,44,643 to Rs. 26,36,834. This is ascribed to the prevailing economic depression.

The 24-Parganas District Board maintained 23 free primary schools, and made a special contribution of Rs. 252 for the encouragement of indigenous games. It also paid Rs. 500 to Sanskrit tols for the advancement of oriental studies. The Jessore board maintained 50 free primary schools, and the Biss schools in Khulna district continued to function. The district board of Murshidabad contributed Rs. 50 per month to a high English school for girls. The primary schools in the Burdwan district were under the management and control of union boards except in the Asansol subdivision and parts of Sadar. In Hooghly three union boards maintained free primary schools under the Biss scheme. In Howrah 5 primary schools were maintained under the Biss scheme and 6 under the Griffiths scheme. In Midnapore the district board maintained in all 113 schools, and the Biss schools in Hooghly, Burdwan, and Bankura continued to function under the district boards. The district board of Rajshahi increased its expenditure by Rs. 24,387, but this was largely due to the payment of arrear grants to schools in the Lytton Bridge area of Naogaon where their payment had been suspended owing to a dispute. The Rangpur and Bogra District Boards proposed to make retrenchments by taking the retrograde step of closing down all their middle English schools, but were persuaded not to do so. Both the boards introduced drastic cuts in the pay of teachers and left the grants-in-aid to their schools in arrear. One district board in the Rajshahi Division was found to have diverted Government grants for education to other purposes. The question of the introduction of the optional scheme under the Bengal (Rural) Primary Education Act in seven districts where the district boards agreed to participate, was under the consideration of Government. The Dacca District Board directly managed 205 primary schools and also maintained one model middle English school. The Mymensingh District Board reduced the grants-in-aid to schools of all denominations by 25 per cent. The Faridpur District Board maintained 16 Biss schools. The Bakarganj board maintained 276 panchayati union schools, 163 unions being without such schools. There were 53 industrial and technical schools maintained or aided by the district boards, and these imparted instruction to 2,127 pupils during the year under review. Among industrial institutions thus maintained or aided by district boards were

the B. D. Pal Choudhury Technical School at Krishnagar, the Coronation Technical School and the District Weaving School at Khulna, the Moberly Junior Technical and Industrial School at Hooghly, the Industrial School at Belur, the Industrial School at Vishnupur, tthe Weaving Schools at Sultanpur and Suri, the Diamond Jubilee Industrial School at Rajshahi, the Technical School at Burdwan and the Kasi Kishore Technical School at Mymensingh. The district board of Bankura contributed Rs. 1,800 to the Bankura Medical School, Rs. 360 to the Music School at Vishnupur and Rs. 60 to the Girl's Music School at Ajodhya. The district boards of Darjeeling, Dinajpur and Pabna contributed towards the upkeep of the Sadar hospital at Jalpaiguri which is an integral part of the Jackson Medical School. The Deaf and Dumb School at Mymensingh continued to receive liberal grants-in-aid from the district board.

7. *Public health and medical relief.* —The income under head "Medical" fell from Rs. 15·82 lakhs in 1931-32 to Rs. 15·76 lakhs but the expenditure under the head rose from Rs. 34·47 lakhs to Rs. 34·66 lakhs, the main increase being under the head "Sanitation and vaccination," viz., from Rs. 17·44 lakhs to Rs. 17·76 lakhs. Government contribution rose from Rs. 13·68 lakhs to Rs. 13·85 lakhs. The number of dispensaries aided and maintained by district boards rose from 968 to 1,010. There was thus an average of one dispensary for every 70 square miles of area and for every 50,000 of population. There were 643 dispensaries maintained by district boards at an average cost of Rs. 1,730 per dispensary, and 367 aided dispensaries at an average cost of Rs. 902 per dispensary. The average cost of maintenance varied from Rs. 2,411 in Jalpaiguri to Rs. 752 in Faridpur. The district boards of Noakhali and Mymensingh aided 16 and 10 homeopathic dispensaries, respectively, and the district boards in the Rajshahi Division aided 80 such dispensaries. The system of charging fees, introduced in certain districts of the Presidency Division, was followed with success in the Rajshahi Division and quite a large income was derived from this source. The work of the rural public health organisations, for which district boards received grants from Government, was on the whole satisfactory, particularly in controlling epidemics and carrying on propaganda. Sanitary Inspectors did not always get timely information of outbreaks of epidemic in villages and prompt action could not therefore be taken in every case. The present intelligence system is far from perfect.

An experiment to control malaria by the use of plasmochin and quinine under the supervision of the Director of Public Health was undertaken by Government in the Memari thana of the Burdwan district. The Nabaganga-Mathabhanga scheme initiated by the Nandia District Board in co-operation with the Jessore District Board is reported to have been attended with remarkably successful results. The campaign against kala-azar by the provision of facilities for treatment in affected arreas was attended with good results in certain districts of the Presidency, Burdwan and Rajshahi Divisions. Special arrangements for the treatment of leprosy were made by the district boards of Midnapore and Burdwan, and by certain boards in the Rajshahi Division. Effective measures were taken by district boards for the prevention of small-pox. The Minister commends to other district boards the example set by the district boards of Jalpaiguri, Bogra and Pabna in maintaining female vaccinators, who did good work among purdanashin ladies.

Action taken by the boards under the Bengal Food Adulteration Act, 1919, resulted in appreciably checking the sale of adulterated food-stuffs in certain districts. District boards are reported to be somewhat handicapped in checking the evil at its source as the place of manufacture of food-stuffs usually lies in a municipal area and the real offenders are usually not the local retailers but the firms which sell wholesale. The district health laboratory at Khulna with its bacteriological section did good work in food-stuff analysis and sanitary examination of water.

A virulent type of cholera prevailed in an epidemic form in the Bakarganj district. The board took vigorous steps by inoculating 177,898 persons with anti-cholera vaccine and disinfecting 3,744 tanks as a preventive measure in the affected areas.

Intensive vaccination was carried on in the Chittagong district and 86,938 primary vaccinations and 95,912 revaccinations were perfomed.

In the Rajshahi Division Government cinema parties which showed films on

health subjects along with others proved very popular and did valuable work in health education.

8. *Veterinary.*—The veterinary receipts decreased from Rs. 4,533 in 1931-32 to Rs. 2,446, but the charges under this head rose from Rs. 1,73,550 to Rs. 1,82,679, the increase being shared by the Burdwan, Rajshahi and Dacca Divisions. The Dacca and Burdwan Divisions showed an increase of Rs. 6,815 and Rs. 3,307, respectively. The increase of more than Rs. 4,000 in Faridpur was primarily due to the payment to Government of the last instalment of the arrear contribution towards the pay of the veterinary assistant surgeons, amounting to Rs. 3,366, which could not be paid in the previous year owing to financial stringency. Considerable progress was made by the Malda District Board in fodder-growing and improvement of cattle. The importance of making sufficient provision for fodder was again stressed by the Commissioner of the Rajshahi Division, as an important veterinary problem of the province is the chronic starvation of the cattle. Intensive propaganda would appear to be the most effective method whereby the villager can be made to realize that he will not get good ploughing for his fields or good milk for his children unless his bullocks and his cows are well fed, and that his bullocks and his cows will never be properly fed until he grows good fodder for them. The public health demonstration and cinema parties preached this gospel during the course of the year, but a great deal of educative work obviously remains to be done. Many animals are, even at present, allowed to die of starvation, and far too many are in consequence imported from other provinces. Some of the boards paid considerable attention to the improvement of stock; and the Midnapore and Bakarganj boards maintained seven and eight stud bulls, respectively. In Malda Rs. 570 was spent on the purchase of young bulls for stud purposes.

9. *Civil Works.*—The total receipts under the head fell from Rs. 16,37,603 in 1931-32 to Rs. 15,68,884. The decrease was mainly due to the decrease in Government contribution from Rs. 8,60,242 to Rs. 8,10,814; in ferry receipts from Rs. 5,42,018 to Rs. 5,10,432; and in miscellaneous receipts from Rs. 35,342 to Rs. 18,953. The total expenditure under the head fell from Rs. 51,54,909 to Rs. 50,64,007. The main decrease was under "Original Works—Buildings," from Rs. 1,56,936 to Rs. 1,06,444; under "Water-supply (original)", from Rs. 5,48,529 to Rs. 4,43,356; and under "Establishment", from Rs. 9,10,959 to Rs. 8,86,314. The expenditure under head "Communications (original works)" increased from Rs. 6,19,473 to Rs. 6,58,648. The total expenditure on communications was Rs. 29·76 lakhs, representing about 40 per cent. of the total receipts from local rates. The increase in expenditure under "Communications" was due mainly to subventions from the Central Road Fund, rather than to any additional expenditure by the district boards from their own funds. District boards in general actually showed a tendency to curtail expenditure under this head for reasons of financial stringency. There was a large increase of Rs. 75,996 in expenditure from district board funds in the Rajshahi Division; the increase of Rs. 84,819 in the Dacca Division was due to expenditure against contributions from the Provincial share of the Road Account. In the Presidency Division all the districts reduced their expenditure on roads except the 24-Parganas which spent Rs. 9,988 more under the head "Communication—New Works" than in the previous year. The reconstruction of the Jhenidah-Magura Road, for which a total allotment of Rs. 1 lakh was received during the year under review and in the previous year from the Road Account, continued to make progress and a total sum of Rs. 55,948 was expended during the year on this project. In the Burdwan Division the decrease was shared by all districts except Bankura, the largest fall (Rs. 77,828) occurring in Howrah. The Jalpaiguri district board commenced the raising and shingling of the Madarihat-Falakata Road, with the object of providing an alternative outlet for the tea-growing area to the west of the Torsa river in the event of flood damage by the Teesta river putting the Bengal Duars Railway out of action. The Administrator of the Western Duars Market Fund contributed Rs. 12,000 towards the cost of this project and also advanced a loan of Rs. 20,000 to the district board for this purpose. The mileage of metalled roads was 2,603 against 16,526 of unmetalled roads and 20,326 of village roads.

10. *Water-supply.*—The total expenditure under this head fell from

Rs. 6,29,000 in 1931-32 to Rs. 5,51,924. The decrease was shared by all divisions except Dacca and Chittagong. Even in the latter two divisions the increase was small. In the Presidency Division expenditure on original works decreased in all the districts except Nadia. In Khulna the sinking of 127 tube-wells was undertaken. In all 49 tube-wells were sunk and 22 tanks excavated during the year by the local boards in the Presidency Division. The Burdwan District Board excavated 1 tank and sank 51 tube-wells, 58 masonry wells and 1 ring well, and spent Rs. 10,770 on repairs as against Rs. 7,841 in the previous year. The local boards in Midnapore sank 147 tube-wells and 19 masonry wells and excavated 2 tanks. In the Rajshahi Division Bogra was the only district board which increased its outlay on rural water-supply and sank as many as 239 tube-wells. The Commissioner of the Rajshahi Division has again suggested that allotments for water-supply should be distributed by the district boards among deserving union boards so as to supplement the funds which the latter are ready to contribute from their own resources. This would have the further advantage of enabling responsibility for the upkeep of the wells to be definitely imposed on union boards. The Dacca District Board maintained the waterworks at Munshiganj at a total cost of Rs. 2,660. In Mymensingh 81 masonry wells, 51 tube-wells, 14 ferro-concrete wells and 2 ring wells were sunk and 8 tanks were excavated. Other boards would do well to follow the example of the Khulna and Faridpur boards which maintained special staffs for this purpose. Unless there is an agency for the supervision of tube-wells, to watch their working and to make repairs as occasion arises, the expenditure runs a risk of being wasted owing to the wells becoming unserviceable after a few years.

11. *General remarks.* During the year under review most of the district boards felt the effects of the financial depression. The receipts from the road and public works cesses declined considerably in a number of cases, and the boards in the Presidency Division recorded a total decrease of Rs. 1,26,767 under this head. In the Burdwan Division, on the other hand, improved collection produced a general increase of Rs. 50,444 in receipts from local rates, despite the fact that there was a decrease in Birbhum and Midnapore. In the Rajshahi Division the district boards of Rangpur and Malda recorded a large decrease of revenue, but the Dinajpur board increased its income by Rs. 19,868, and the district board of Pabna showed an increase of Rs. 11,000 in receipts, about half a lakh more having been collected in cesses than in the previous year. The income from local rates accruing to the boards in the Dacca Division rose by Rs. 1,74,410, and in the Chittagong Division by Rs. 11,259. These increases, however, did not entail a return to financial prosperity nor did they restore receipts to their former level, and the exceptional economic depression resulted in serious curtailment of expenditure under various heads. While the majority of the boards succeeded in weathering the storm without serious disorganization of their activities in respect of public health, education and medical relief, they were only able to do so with the assistance of the recurring grants made by the Government and in some districts at the cost of the diversion of money from the head "Communications." The majority of district boards considerably curtailed expenditure on roads and bridges, and it is to be feared that this policy will result in future in difficulties of considerable magnitude in the form of a permanent deterioration of communications. The Commissioner of the Dacca Division reports that sooner or later the capital expenditure required for replacing existing bridges would tax every board's revenues to the utmost.

It appears from the Annual Audit Report for the year 1932-33 that in the case of several district boards pound and ferry rents were heavily in arrears for 8 to 15 years. The audit by the Finance Committee was also badly in arrears and there were cases of embezzlement and fraud in three district boards. The Minister hopes that Chairman and Vice-Chairmen of district boards will pay earnest attention to the avoidance of the irregularities mentioned above.

The Minister notes with satisfaction that with the exception of Bankura, district boards remained unaffected by the civil disobedience movement of 1932. Their relations with the district authorities were generally cordial, and on the whole their administration was carried on with a reasonable degree of efficiency. Definite evidence was forthcoming of a determination not to be influenced by political agitation to the detriment of local interests, and although much still

remains to be done in the way of effecient administration, the divisional reports on the working of the district boards in the year under review furnish striking evidence of the immense usefulness of these important local self-Governing bodies.

The Minister for Local Self-Government desires to record his appreciation of the good work done by the boards and in particular to thank the following gentlemen who have been particularly mentioned as having rendered meritorious service :—

Burdwan.

Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 1758L.C.—10th April, 1935.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 9th April, 1935, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL LAND-REVENUE (INTEREST) BILL, 1935.

A

BILL

to provide for the removal of doubts as to the payment of interest on arrears of land-revenue.

WHEREAS it is expedient to provide for the removal of any doubts as to the liability to pay interest on arrears of land-revenue ;

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Land-Revenue (Interest) Act, 1935.

Interest on arrears of revenue.

2. (*1*) Notwithstanding anything contained in any other law, interest shall be payable, and shall be deemed with effect from the 19th day of January, 1933, to have been payable, on all arrears of land-revenue, and such interest shall be recoverable as a public demand.

(*2*) All such interest shall :—

(*a*) in respect of the period from the 19th day of January, 1933, up to the commencement of this Act, be deemed to have been payable at the rate of seven and a half *per centum per annum* ;

(*b*) in respect of any period after the commencement of this Act be payable at such rate, not exceeding seven and a half *per centum per annum* as the Local Government may, by notification in the *Calcutta Gazette*, determine.

STATEMENT OF OBJECTS AND REASONS.

A Bill was passed in the Bengal Legislative Council in 1932 which came into force on the 19th of January, 1933, as the Bengal Land-Revenue Sales (Repealing) Act, 1932. The object of this Bill, as mentioned in the Statement of Objects and Reasons when the Bill was introduced, was to remove the bar imposed by the unrepealed section II of Act XII of 1841 against the levy of interest on arrears due by estates in charge of the Court of Wards or by other estates the sale of which is prohibited by law.

Since the 19th of January, 1933, interest has been charged on arrears of land revenue due from such estates.

A question has, however, been raised that notwithstanding the clearly expressed intention of the Act, as stated in the said Objects and Reasons, the terms of the Act itself are not sufficiently clear. It is, therefore, expedient that a short Act declaring in unambiguous language the said intention and the validity of the levy of interest since 19th January, 1933, should be passed in order that all doubts may be removed. No new imposition is intended by this Bill. The provision of clause 2 (*2*) (*b*) provides for the maximum rate of interest which may be charged.

CHAPTER III.

TRUSTEES.

11. No person may succeed, or be appointed, to the office of trustee of a temple unless he professes the Hindu religion.

12. The number of non-hereditary trustees for any temple shall be fixed by the Board, but shall not exceed three. Such non-hereditary trustees shall be appointed by the Board and shall subject to the provisions of sections 10, 13 and 17 hold office for such period not exceeding five years as may be fixed by the Board. The Board may, when there is more than one trustee for a temple, appoint one of the trustees as the managing trustee for such period as may be fixed by it. The Board may also, for reasons to be recorded in writing, appoint a paid trustee for such period and on such salary payable from out of the funds of the trust as may be fixed by it. The Board shall also have power to define the powers and duties of a managing or paid trustee:

Provided that every non-hereditary trustee lawfully holding office on the date of commencement of this Act shall be deemed to have been duly appointed under this Act on such date, but shall be entitled to hold office only for one year from such date.

13. (1) A non-hereditary trustee shall cease to hold office if he—

(a) is sentenced by a criminal Court to transportation or to imprisonment for a period of more than six months (such sentence not having been cancelled or reduced to a period of not more than six months or the offence not having been pardoned);

(b) applies to be adjudicated or is adjudicated a bankrupt or insolvent; or

(c) ceases to profess the Hindu religion.

(2) A hereditary trustee shall cease to hold his office if he ceases to profess the Hindu religion.

(3) If a hereditary trustee becomes subject to any of the disqualifications described in clause (a) or clause (b) of sub-section (1), the Board may supersede him and appoint a fit person to administer the temple until the disability of the trustee ceases to exist or another trustee succeeds to the office.

(4) The Board shall, in cases of dispute or doubt, determine whether a trustee is disqualified under this section and its decision shall be final.

14. (1) When a vacancy occurs in the office of hereditary trustee of a temple or religious endowment and there is a dispute respecting the right of succession to such office, or when such vacancy cannot be filled up immediately or when a hereditary trustee is a minor and has no legally constituted guardian fit and willing to

act as such or there is a dispute respecting the person who is entitled to act as such guardian or when a hereditary trustee is by reason of unsoundness of mind or other physical infirmity unable to discharge the functions of the trustee, the Board may appoint a fit person to discharge the functions of the trustee of such temple or endowment, until another trustee succeeds to the office or the disability of the trustee ceases to exist, as the case may be.

Nothing in this sub-section shall be deemed to affect anything contained in the Madras Court of Wards Act, 1902.

(*2*) In making an appointment under sub-section (*1*), the Board shall have due regard to the claims of members of the family, if any, entitled to succession.

(*3*) The person so appointed shall be entitled to exercise all the powers which a trustee could exercise in relation to such temple or endowment.

15. (*1*) The trustee of every temple or religious endowment is bound to administer its affairs and to apply the funds and properties of such endowments in accordance with the terms of the trust, the usage of the institution and all lawful directions which a competent authority may issue in respect thereof, and as carefully as a man of ordinary prudence would deal with such affairs, funds or properties if they were his own.

(*2*) A trustee shall, subject to the provisions of this Act, be entitled to exercise all powers incident to the provident and beneficial management of the temple or religious endowment and to do all things necessary for the due performance of the duties imposed on him.

16. The trustee of a temple or religious endowment shall be bound to obey all lawful orders issued under the provisions of this Act by the Board or the President thereof.

17. (*1*) The Board may suspend, remove or dismiss the trustee of a temple or religious endowment—

(*a*) for persistent default in the submission of budgets, accounts, reports or returns, or

(*b*) for wilful disobedience of lawful orders issued by the Board or the President thereof, or

(*c*) for any malfeasance, misfeasance, breach of trust or neglect of duty in respect of the trusts, or

(*d*) for any misappropriation of, or improper dealing with, the endowments or the properties of the temple of which he is trustee, or

(*e*) for unsoundness of mind or other physical infirmity which unfits him for discharging the functions of a trustee.

(*2*) When the Board proposes to take action under sub-section (*1*) it shall frame charges against the trustee concerned and give him an opportunity of explanation, of testing the evidence against him and of adducing evidence in his favour and may place the trustee under suspension pending the disposal of the charges framed. The order of suspension, removal or dismissal shall state the charges framed against the trustee, his explanation and the finding of the Board on each charge with the reasons therefor.

(*3*) Notwithstanding the provisions of sub-sections (*1*) and (*2*) the services of a paid trustee may be terminated by the Board on one month's notice.

(*4*) The order of the Board suspending, removing or dismissing a non-hereditary trustee under this section shall be final. A hereditary trustee suspended, removed

or dismissed under this section may within three months from the date of the order of suspension, removal or dismissal apply to the Court to modify or set aside such order; but subject to the result of such application the order of the Board shall be final.

18. (*1*) All office holders and servants attached to a temple or in receipt of any emolument or perquisite from the temple shall be under the orders and control of the trustee; and the trustee may fine, suspend, remove or dismiss any of them for breach of trust, incapacity, disobedience of lawful orders, neglect of duty, misconduct or other sufficient cause:

Provided that the Local Government may in respect of any specified hereditary office holder or servant, or class of hereditary office holders or servants and subject to the provisions of section 44, by order restrict and place under such control as they may think fit the exercise by the trustee of his powers of punishment under this sub-section.

(*2*) Any office holder or servant of a temple punished by a trustee under sub-section (*1*) may, within such time as may be prescribed, appeal to the Board whose decision shall be final.

19. (*1*) Vacancies amongst the office holders or servants of a temple shall, subject to the rules and by-laws framed under this Act, be filled up by the trustee in cases where the office or service is not hereditary.

(*2*) In cases where the office or service is hereditary the next in the line of succession shall be entitled to succeed:

Provided that, if there is a dispute respecting the right of succession to such office or service, or in cases where such vacancy cannot be filled up immediately, or where the person entitled to succeed is a minor without a legally constituted guardian fit and willing to act as such, or where the hereditary office holder or servant is by reason of unsoundness of mind or other physical infirmity unable to discharge the functions of the office or perform the service, the trustee may appoint a fit person to discharge the duties of the office or perform the service until another person succeeds to the office or service or the disability of the office holder or servant ceases to exist, as the case may be.

(*3*) In making an appointment under the proviso to sub-section (*2*), the trustee shall have due regard to the claims of members of the family, if any, entitled to the succession.

20. The trustee of a specific endowment connected with a temple shall perform such service or charity subject to the general superintendence of the trustee of the temple and shall obey all lawful orders issued by him.

21. Where an endowment for the performance of a charity or service connected with a temple consists of merely of a charge on property and there is failure in the due performance of the charity or service by the person responsible, the trustee of the temple may require the person in possession of the property on which the endowment is a charge to pay to the trustee the expenses incurred or likely to be incurred in causing the charity or service to be performed otherwise. In default of such person making the payment as required by the trustee, the Court shall, on the application of the trustee, pass an order for the recovery of the amount and such order may be enforced as if it were a decree of such Court:

Provided that where the person in possession of the property on which the endowment is a charge is not the

person responsible in law for the performance of the charity or service, and the amount referred to in this section is recovered from the person in possession, the Court shall on the application of such person pass an order for the recovery of the amount from the person responsible in law, and such order may also be enforced as if it were a decree of such Court.

CHAPTER IV.

BUDGET AND ACCOUNTS.

22. (*1*) The trustee of every temple shall in each year submit to the Board before such date and in such form as the Board may require a budget showing the probable receipts and disbursements of the temple and the endowments connected therewith during the following year.

(*2*) Every such budget shall make adequate provision for the dittam or scale of expenditure for the time being in force and the due discharge of all liabilities in respect of loans.

(*3*) The Board may direct the trustee to make such alterations, omissions or additions in the budget as it may think fit and its decision shall be final.

23. Subject to the provisions of any scheme settled under this Act,—

(*1*) the trustee of a temple may from time to time submit to the Board proposals for fixing the dittam or scale of expenditure in the temple and the amounts which should be allotted to the various objects or ceremonies connected with such temple for the proportions in which the income or other property of the temple may be applied to such objects or ceremonies;

(*2*) the trustee shall publish such proposals at the temple and in such other manner as the Board may direct, together with a notice stating that if within one month from the date of publication any objection or suggestion is received from any person having interest, the Board will consider such objection or suggestion;

(*3*) after the expiry of the period fixed under sub-section (*2*), the Board shall consider the objections or suggestions that may have been received and may pass such orders as it thinks fit on the proposals. The Board's orders shall be final;

(*4*) the dittam or scale of expenditure for the time being in force in a temple shall not be altered by the trustee except in accordance with the procedure laid down in this section.

24. (*1*) The trustees of temples and religious endowments shall keep regular accounts of receipts and disbursements.

(*2*) Such accounts shall be audited annually, or at such other intervals as may be prescribed by an auditor or auditors chosen by the Board out of a list of auditors approved by the Local Government. Such auditors shall be deemed to be public servants within the meaning of section 21 of the Indian Penal Code.

25. (*1*) After completing the audit the auditor shall submit a report to the Board which shall among other things specify all cases of irregular, illegal or improper expenditure, or of failure to recover moneys or other property due to the institution, or of loss or waste of money or other property of the institution, caused by neglect or misconduct.

(2) The auditor shall also report any other matter which the Board may require in respect of a temple or religious endowment.

26. (1) The cost of auditing the accounts of temples and religious endowments shall be fixed by the Board and be payable out of their funds within such time as may be fixed by the Board.

(2) If within the time fixed by the Board such payment is not made, the Collector of the District in which any property of the temple or endowment is situate shall on a requisition made to him by the President of the Board in the prescribed form recover such amount as if it were an arrear of land revenue and remit the same to such President.

27. The trustee of every temple and endowment shall furnish to the Board such accounts, returns, reports or other information relating to the administration of the temple or endowment in his charge and at such time and in such form as the Board may require.

CHAPTER V.

EXECUTIVE OFFICER.

28. The Board may appoint from among persons professing the Hindu religion an Executive Officer to manage the affairs of a temple and its endowments in conformity with the provisions of this Act.

29. (1) The Executive Officer shall be a whole-time officer of the temple and shall not undertake any work unconnected with his office without the permission of the Board.

(2) The Executive Officer shall be paid such salary and allowances as may from time to time be fixed by the Board from out of the funds of the temple. When an Executive Officer is appointed for a group of temples the Board shall fix the proportion in which the salary and allowances of the Executive Officer shall be met by the temples in the group.

30. The Executive Officer shall be responsible for the maintenance and custody of all records, accounts, documents, registers, cash and other valuables of the temple and shall arrange for the proper collection of the incomes of the temple including offerings made by worshippers.

31. When the office of trustee of a temple is vacant the Executive Officer shall exercise the powers and perform the duties of a trustee until the vacancy is filled up.

32. (1) The Executive Officer shall hold office for a period of three years unless sooner removed by the Board for good and sufficient cause. An out-going Executive Officer shall be eligible for re-appointment.

(2) The order of the Board removing an Executive Officer shall be final.

(3) When any temporary vacancy occurs in the office of the Executive Officer the Board may fill up the vacancy and direct the payment from the funds of the temple such salary and allowances as it may deem necessary for the person appointed therein.

33. After the appointment of the first Executive Officer, he shall, as soon as may be, prepare and submit to the Board through the trustee of the temple a schedule

setting forth the designations and grades of the officers and servants who should in his opinion constitute the establishment of the temple. The Board may, after duly considering the remarks, if any, made thereon by the trustee, approve of it with such modifications as it may deem necessary. No change shall be subsequently effected in such schedule except with the previous sanction of the Board.

34. The Board shall have power to define the respective powers and duties of the trustees and the Executive Officers who shall be bound to abide by the Board's directions in this regard.

CHAPTER VI.

MISCELLANEOUS.

35. The trustee of a temple may incur expenditure on arrangements for securing the health, safety or convenience of pilgrims or worshippers resorting to the temple:

Provided that the Board may, for reasons to be set forth in writing, restrict and replace under such control as it may think fit the exercise by the trustee of his discretion under this section.

36. (*1*) The Board may, after holding an inquiry in such manner as may be prescribed by order, declare that the purpose of a temple or religious endowment has from the beginning been, or has subsequently become, impossible of realization or that the machinery for effectuating the original purposes of the endowment has failed or no longer exists, or that after satisfying adequately the purposes of the endowment and after setting apart a sufficient sum for the repair and renovation of the buildings connected with the temple or the endowments attached thereto there is a surplus which is not required for such purposes; and may by such order direct that the amount of the endowment or such surplus as is declared to be available, as the case may be, be appropriated to religious, educational or charitable purposes not inconsistent with the objects of such temple or endowment:

Provided that in the case of a temple founded and maintained by a community the amount of the endowment or the surplus shall, as far as possible, be utilised for the benefit of the community for the purposes mentioned above.

(*2*) It shall be competent to the Board when giving a direction under sub-section (*1*) to determine what portion of such amount or surplus shall be retained as a reserve fund for the temple or endowment and to direct the remainder to be appropriated to the purposes specified in that sub-section.

(*3*) The Board may at any time by order and in the manner provided in sub-section (*1*) modify or cancel an order passed under that sub-section.

(*4*) The order of the Board under this section shall be published in the prescribed manner. The trustee or any other person having interest may within six months of the date of such publication institute a suit in the Court to modify or set aside such order.

Subject to the result of such suit the order of the Board shall be final and binding on the trustee and all persons having interest.

(*5*) Any decision of the Court under this section may, at any time, for sufficient cause be modified or cancelled by the Court in a suit instituted by the Board or the trustee or any person having interest but not otherwise.

37. All costs and expenses incurred by the Board or the Executive Officer in connection with legal proceedings in respect of any temple or religious endowment to which the Board is a party shall, notwithstanding anything contained in section 49, be payable out of the funds of such temple or endowment.

38. Every temple and specific endowment shall pay annually for meeting the expenses of the Board such contribution not exceeding one and a half per centum of its income as the Board may determine.

39. (*1*) The costs, expenses and contribution payable under sections 37 and 38 shall be assessed on and notified to the trustee of every temple and specific endowment in the prescribed manner.

(*2*) (*a*) Such trustee shall, within one month of the date of his receipt of such notice or within such further time as may be granted by the Board, pay out of the funds of the temple or endowment concerned the amount so demanded to the President of the Board or to any person authorised by him; and in default of such payment, the Collector of the district in which any property of the temple or endowment is situated shall, on a requisition made to him in the prescribed form by the President of the Board and subject to the provisions of this section, recover such amount as if it were an arrear of land revenue and the amount so recovered shall, after deduction therefrom of such percentage on account of the cost of recovery as the Local Government may by general or special order from time to time determine, be paid to such President.

(*b*) On receipt of a requisition under clause (*a*), the Collector shall issue a notice to the trustee concerned—

(*i*) requiring him within fifteen days from the service of such notice either to pay the amount mentioned in the requisition and specified in the notice or state in writing his objections, if any, thereto, and

(*ii*) stating that such amount or the amount found due from the trustee after his objection, if any, have been considered will be recovered as if it were an arrear of land revenue.

(*c*) If, within the period of fifteen days aforesaid, no objection in writing is received by the Collector from the trustee, the Collector shall proceed to recover the amount specified in the notice as if it were an arrear of land revenue.

(*d*) If, within the said period, an objection in writing is received by the Collector from the trustee with regard either to his liability or to the amount specified in the notice, the Collector shall transmit such objection to the President of the Board.

(*e*) The President of the Board shall consider the objection so transmitted and communicate to the Collector his decision confirming, withdrawing or modifying the original demand.

(*f*) The Collector shall then proceed to recover the amount, if any, due from the trustee under the decision so communicated as if it were an arrear of land revenue.

(*3*) The Collector may, on receipt of a requisition under clause (*a*) of sub-section (*2*), withhold the amount mentioned therein out of the tasdik or other allowance payable by the Local Government to the temple or endowment concerned and pay to the President of the Board the said amount after the expiry of the period of fifteen days referred to in clause (*b*) of sub-section (*2*) or in case an objection is received under clause (*d*) of that sub-section the amount, if any, due under the decision referred to in clause (*e*) thereof. Where the tasdik or other allowance is insufficient for the purpose,

the Collector may withhold and pay as aforesaid the amount available and recover the balance as if it were an arrear of land revenue.

(*4*) Places of worship including temples and tanks where *utsavams* are performed, idols vahanams and jewels and such vessels and other articles of a temple or endowment as, in accordance with the usage of the temple or endowment concerned, are necessary for purposes of worship or ceremonial processions shall not be liable to be proceeded against in pursuance of sub-sections (*2*) and (*3*).

(*5*) No suit, prosecution or other legal proceeding shall be entertained in any Court against the Secretary of State for India in Council or any officer of Government for anything in good faith done or intended to be done in pursuance of this section.

40. (*1*) No exchange, sale or mortgage and no lease for a term exceeding five years of any immoveable property belonging to a temple or endowment shall be valid or operative unless it is necessary or beneficial to the temple or endowment and is sanctioned by the Board.

(*2*) The trustee of the temple or endowment or any person having interest may, within six months of the date of the order of the Board under sub-section (*1*), apply to the Court for modifying or cancelling such order, but subject to the result of such application the order of the Board shall be final.

41. (*1*) If any dispute arises as to whether an endowment is wholly or partly secular or religious such dispute shall be decided by the Board.

(*2*) Any person affected by a decision under sub-section (*1*) may within six months of the date of the order of the Board apply to the Court to modify or set aside such decision; but subject to the result of such application the order of the Board shall be final.

42. (*1*) Where an endowment has been made or property given for the support of an institution which is partly of a religious and partly of a secular character or for the performance of any service or charity connected therewith, or

where an endowment made or property given is appropriated partly to religious and partly to secular uses,

the Board may, notwithstanding anything contained in the Madras Endowments and Escheats Regulation, 1817, determine what portion of such endowment or property or of the income therefrom shall be allocated to religious uses. Such portion shall thereafter be deemed to be a religious endowment and its administration shall be governed by the provisions of this Act.

(*2*) Any party affected by an order under sub-section (*1*) may within six months of the date of the order of the Board apply to the Court to modify or set aside such order but subject to the result of such application the order of the Board shall be final.

43. Where a person has been appointed as trustee or Executive Officer of a temple or an endowment or has been appointed to discharge the functions of a trustee by the Board in accordance with the provisions of this Act and such person is resisted in or prevented from obtaining possession of the temple or religious endowment concerned and the records, accounts, documents, valuables and other properties thereof, the Court shall, on an application by the person so appointed and on production of the order of appointment, direct the delivery to such person of the possession of the temple or religious endowment and of the records, accounts, documents, valuables, and other properties thereof.

44. Save as otherwise expressly provided in or under this Act nothing herein contained shall affect any established usage of a temple or the rights, honours, emoluments and perquisites to which any person may by custom or otherwise be entitled in such temple.

45. (*1*) If any dispute arises as to whether an institution is a temple as defined in this Act, such dispute shall be decided by the Board.

(*2*) Any person affected by a decision under sub-section (*1*) may within six months of the date of the order of the Board apply to the Court to modify or set aside such decision; but subject to the result of such application the order of the Board shall be final.

46. (*1*) The Board or any person having interest and having obtained the previous consent of the Board may institute a suit in the Court to obtain a decree—

(*a*) appointing or removing the trustee of a temple or endowment;

(*b*) vesting any property in a trustee;

(*c*) directing accounts and inquiries;

(*d*) declaring what proportion of the endowed property or of the interest therein shall be allocated to any particular object of the endowment; or

(*e*) granting such further or other relief as the nature of the case may require.

Explanation.—The provisions of this sub-section shall apply to specific endowments also.

(*2*) Sections 92 and 93 and rule 8 of Order 1 of the First Schedule of the Code of Civil Procedure, 1908, shall have no application to any suit claiming any relief in respect of the administration or management of a temple or religious endowment and no suit in respect of such administration or management shall be instituted except as provided by this Act.

47. Every Committee established under the Religious Endowments Act, 1863, and having jurisdiction over the temples and religious endowments coming under this Act shall cease to exercise any jurisdiction over them from the date of the commencement of this Act.

48. (*1*) The Local Government may make rules to carry out all or any of the purposes of this Act not inconsistent therewith.

(*2*) In particular, and without prejudice to the generality of the foregoing power, they shall have power to make rules with reference to the following matters:—

STATEMENT OF OBJECTS AND REASONS.

There had been widespread dissatisfaction in the Presidency of Madras with the management and control of Hindu religious institutions and opinion was unanimous that the provisions of Act XX of 1863 were inadequate to check the maladministration and misuse of the trust properties. A Bill was accordingly introduced in the Madras Legislative Council in 1922 to provide for the better administration and governance of Hindu temples and maths. When the Bill was being considered by the Select Committee of the Council, it was amended so as to include the city of Madras within the operation of the measure. The Bill thus modified was also passed by the Legislative Council. But His Excellency the Governor remitted it for reconsideration and while doing so pointed out that the local Legislature was not competent to pass any measure affecting the original jurisdiction of the Madras High Court and that therefore the Presidency-town, which was subject to the ordinary civil jurisdiction of the High Court, should be excluded from the Bill. Though the Council accepted this suggestion, the Government member in charge of the Bill stated in that connection that soon after that Bill was placed on the Statute Book the next step would be "to move the Indian Legislature to enact a law which would bring the Presidency-town within the orbit of this measure." As the Government of Madras have not yet moved in this matter the present Bill is sought to be introduced with a view to ensure the efficient administration of Hindu temples in the city of Madras and the religious endowments attached thereto.

This Bill is analogous to the Madras Hindu Religious Endowments Act, 1926 (Madras Act II of 1927). The Board constituted under Madras Act II of 1927 is to be entrusted with the power to exercise control and general superintendence over the administration of the temples including the appointment of non-hereditary trustees and approval of budgets. The provisions in the said Act regarding constitution of temple Committee have been left out as it is not considered necessary or desirable that for the small area to which this Act would apply there should be any controlling body besides the Board, which has its headquarters in the city itself. Another important provision in this Bill is with regard to the Court schemes. A number of schemes have been settled by the Courts for the administration of the temples and the endowments attached thereto. But in experience it is found that most of these schemes are inadequate and not suited to modern conditions and requirements. If suits are to be filed for the modification of the schemes considerable delay will be caused and the trusts will be involved in protracted litigation and heavy expenditure. It is therefore proposed that the scheme should cease to be operative. Suitable provisions are made in the Bill itself to provide safeguards in matters covered by schemes. Power will be taken to appoint paid Executive Officers wherever necessary as it is felt that the care and attention bestowed by honorary trustees is not sufficient to ensure satisfactory management in the case of more important temples. In other matters the provisions of Madras Act II of 1927 have been generally retained.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 9th April 1935.

Monthly Weather and Crop Report of Bengal for March 1935.

I. *Character of the season.*—During the month under review, the rainfall was much below the normal, except in Jessore, Bankura and Pabna, where the fall was a little in excess. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—Preparatory tillage for and sowings of jute and paddy continued, but more rain was needed to facilitate the operations. Harvesting of spring crops was nearing completion.

III. *State of standing crops.*—The condition of standing crops was reported as generally fair.

IV. *Prospects and probable outturn.*—The prospects of standing crops were on the whole satisfactory. The outturn of summer rice and tobacco was estimated at 93 and 88 per cent. of the normal, respectively, this year.

V. *Damage to standing crops.*—No damage to standing crops was reported from any part of the province.

VI. *Condition of agricultural stock.*—The condition of live-stock was, on the whole, fair. Sporadic cases of cattle-disease, however, were reported from fifteen districts of the province and from the Cooch-Behar and Tripura States.

VII. *Failure of pasturage and fodder.*—Insufficiency of fodder was reported from parts of Murshidabad only.

VIII. *Prices of food grains.*—During the second fortnight of the month, the retail prices of common rice of the cheapest quality rose in six districts, fell in three and remained stationary in the rest of the Presidency. The prices ranged from 10 seers per rupee at Burdwan and Darjeeling to 15 seers per rupee at the Chittagong Hill Tracts.

IX. *Condition of agricultural population.*—The condition of agricultural population is, on the whole, fair, except in parts of Murshidabad, Birbhum and Bankura, where distress continues.

2. The draft will be taken into consideration on or after the 31st May 1935, and any objection or suggestion with respect thereto which may be received by the undersigned before that date will be duly considered :—

Draft notification.

In exercise of the powers conferred by clause (*r*) of sub-section (*2*) of section 66 of the Bengal (Rural) Primary Education Act, 1930 (Bengal Act VII of 1930), the Government of Bengal (Ministry of Education) are pleased to make the following rules :—

Rules under section 66 (2) (r) *of the Bengal (Rural) Primary Education Act, 1930, regarding the conditions relating to pensions, gratuities and provident or annuity funds of the establishment of the District School Board and teachers in primary schools referred to in clause* (n) *of sub-section* (1) *of section 23 and in clause* Fifthly *of section 38.*

Definitions.

1. In these rules :—

(*a*) "Board" means District School Board formed under the Bengal (Rural) Primary Education Act, 1930;

(*b*) "salary" shall comprise monthly substantive salary or any allowance drawn during leave of any kind and includes acting, charge, personal or deputation allowance, if any, but shall not include local or travelling allowances;

(*c*) "servant" includes every non-pensionable employee holding a substantive appointment under the Board, but for the purpose of participation in the provident fund scheme laid down in rules 2 to 25, excludes the following employees :—

(*i*) teachers in primary schools,

(*ii*) all employees whose salary does not exceed Rs. 30 per month,

(*iii*) menials and inferior servants of all sorts,

(*iv*) employees below 20 or over 55 years of age :

Provided that persons appointed on probation to substantive appointments or appointed to officiate in an office which is vacant, may if they are confirmed without interruption, be allowed to join the provident fund with retrospective effect from the date of their joining the service and that the monthly subscription to the fund shall not, in the case of such a servant of the Board be less than 10 per cent. of his salary till all arrear subscriptions are paid up;

(*d*) "depositor" means a servant on whose behalf a deposit is made under these rules;

(*e*) "interest" means the interest which is paid on a deposit at a post office savings bank under the rules in force for such institution, and includes that allowed on Government and other securities; and

(*f*) "dependant" means any of the following relatives of the deceased depositor to the provident fund, namely, wife, parent, child, minor brother, unmarried sister, and a deceased son's widow and child, and, where no parent of the subscriber is alive, a paternal grand-parent.

Rate and realisation of subscriptions.

2. Every servant shall be required to subscribe at the rate of 6¼ per cent. or one anna in the rupee on his salary to a provident fund of which an account will be opened at the post office savings bank. This deduction shall be made by the Board upon every salary bill presented and the net salary shall be paid to the servant. In making this deduction fractions of a rupee of salary should be omitted. A servant who desires to subscribe during leave must notify his intention beforehand in order to allow his deductions from leave allowances being noted in his leave and pay certificate. In such a case he will not be permitted to discontinue subscribing during leave.

Prohibition of voluntary deposits.

3. No voluntary deposits from any servant in excess of the amount of subscription permissible under these rules shall be credited to his provident fund.

Subscriptions during leave and suspension.

4. (*a*) Subscriptions during leave of any kind will be optional. They will be calculated on the allowance admissible during leave.

(*b*) A servant on reinstatement after a period of suspension may be allowed the option of subscribing for that period.

(*c*) In the case of a servant who exercises the option of subscribing to the fund during leave without allowances or on reinstatement after a period passed under suspension without allowances, it is left to the discretion of the Board to determine in each case the amount on which subscription should be paid, the general principle to be observed being that subscription should be calculated on half the salary last drawn by the servant before he proceeded on leave without allowances, or was placed under suspension without allowances.

Contribution by the Board to deposit account of each servant.

5. (*a*) It shall be competent to the Board to make contributions to the deposit allowances of each servant, equal to but not exceeding the deduction made from his salary under rule 2, provided that if the total of the contributions shown in the bill on which a remittance is made to the savings bank contains a fraction of an anna, it shall be increased to the next highest anna by an addition to the bill of the difference between this fraction and unity. These provisional increases in the

contribution will be shown in the abstract of balances until adjusted at the close of the year (see rules 20 and 21), but they will not appear in the depositor's ledger account.

(*b*) No contribution shall be made by the Board on the subscription paid by the depositor for any period during which he had been on suspension as a penalty for misconduct or other offences.

(*c*) It will be optional with the Board to contribute for an employee while on temporary transfer to service under some other local fund or Government.

Investment.

6. (*1*) The deductions under rule 2 and the contributions under rule 5 (*a*) shall be paid to the post master for credit to the account of the provident fund in the savings bank. The payment of the deduction shall be debited in the accounts to the same head as the salary, and the contributions shall be charged to the service head "Miscellaneous," sub-head "Provident Fund Contribution."

(*2*) The remittances to the savings bank shall, whenever possible, be made between the 1st and 4th of each month in order that interest may accrue for the month of the deposit.

(*3*) Deposits on account of the provident fund of the Board employees may be made under rule 44 (*c*) of the Savings Bank Rules. The usual limitations of the total amount at credit of each account do not apply to such deposits.

(*4*) (*i*) When the investment of any portion of the amount of the balance at the credit of the account is found desirable, the amount shall, on application by the Board, be withdrawn, and the investment shall be made either through the postal authorities or through other agencies as may be deemed convenient by the Board in Government loans, municipal debentures or port trust bonds of Calcutta, Rangoon, Bombay, Madras, or Karachi, or in fixed deposit in the Imperial Bank of India or in a co-operative bank specially approved for the purpose by the Registrar of Co-operative Societies, provided that in the case of investment in a co-operative bank, at least three-fourths of the subscribers are in favour of such investment.

(*ii*) The interest will be drawn by the post office in the case of investment through postal authorities, or by the Board in the case of investment through other agencies, and credited in the savings bank account.

(*iii*) The actual cost of purchase of such securities or the amount of such fixed deposits shall be added to the balance in the savings bank to obtain the total balance of the provident fund ledger. When such securities are sold or any loss of such fixed deposits is caused by the failure of the bank in which such deposits are made, the net gain or loss shall be added to or deducted from the net excess interest calculated for that year [see rule 21 (*i*)] before apportioning such interest among the depositors as set forth in that rule.

Advances for special purposes.

7. (*1*) No final withdrawal will be allowed until the depositor quits the service or retires from the service of the Board on completion of the age of 55, or dies. But a portion of the total deposit not exceeding two

months' pay of a subscriber may, with the sanction of the Board, be allowed to be withdrawn in cases of urgent necessity when the deposit in his ledger account has reached a sum of not less than six months' pay and the pecuniary circumstances of the depositor are such that the indulgence is necessary. The following are cited as examples of occasions on which the grant of advance may be considered :—

(*a*) To pay expenses incurred in connection with the illness of the depositor or of a member of his family.

(*b*) To pay expenses in connection with marriages, funerals or ceremonies which by the religion of the depositor it is incumbent upon him to perform and in connection with which it is obligatory that expenditure should be incurred.

Advances though not confined rigidly to the objects laid down in clauses (*a*) and (*b*) above, will be made with due regard to the principle expressed in clause (*1*) of this rule as illustrated by the foregoing examples.

(*2*) In determining the advance to be sanctioned, regard should be paid to the amount lying at the credit of the depositor. The amount of the advance should be a sum expressed in whole rupees and should be so fixed as to allow of the monthly instalments fixed under rule 8 being also in whole rupees, the advance applied for being raised or reduced, if necessary, to enable the instalments to be so fixed.

(*3*) When an advance has already been granted to a depositor, a subsequent advance shall not be granted to him except for strong reasons to be recorded in writing by the Board until at least twelve months have elapsed since the complete repayment of the last advance taken.

(*4*) Application for any advance shall be signed by the depositor. The Board shall after withdrawing money from the post office savings bank, disburse it to the depositor concerned on acquittance rolls.

(*5*) The Board shall maintain a register in the form prescribed in Appendix B of advances sanctioned by the Board.

(*6*) No fresh advance from the fund shall be sanctioned by the Board for any depositor if there is any balance still to be refunded by him out of any advance already drawn from the fund.

Recovery of advances.

8. The following procedure for recovery of advances shall be observed :—

(*a*) An advance shall be recovered from a depositor at the discretion of the Board, in not less than twelve instalments or more than twenty-four. A depositor may, however, at his option make repayments subsequently in less than twelve instalments or repay two or more instalments at the same time.

(*b*) Recoveries shall be made monthly, commencing from the first payment of a full month's salary after the advance is granted, but no recovery shall be made from a depositor while he is on leave of any kind; except leave on full pay.

(*c*) The instalments shall be paid by compulsory deductions from salary and shall be in addition to the usual subscription,

(*d*) When an advance is repayable in twelve instalments, an additional instalment representing interest, and equivalent to 4 per cent. of the total amount of advance shall be paid in the month following that in which the last instalment is paid. Similarly, two additional instalments representing interest, each equivalent to the 4 per cent. of the total amount of the advance shall be paid when the advance is repayable in more than twelve instalments.

In either case, the instalment of interest, when realised, shall be credited to the account of the depositor himself.

(*e*) If the advance is to be recovered by the sale of a portion of the investment either in Government promissory notes, war bonds, or postal cash certificates, etc., the loss, if any, by this sale, should be recovered from the depositor taking the advance.

Withdrawal on retirement.

9. (*1*) When a depositor ceases to be a servant of the Board by resignation or retirement on completion of the age of 55, or reduction of establishment, the Board shall cause the amount standing at his credit (*i.e.*, deposits and contributions with interest thereon) to be withdrawn and, subject to rule 17, to be handed over to him.

(*2*) If in the opinion of the Board, the withdrawal of interest from the savings bank would unduly trench upon the deposits at credit of the other depositors, the interest shall not be paid at once from the provident fund, but be temporarily advanced from the funds of the Board. The advance shall be adjusted when the difference between the total of the ledger balances and the balance of the provident fund in the pass-book may be withdrawn from the savings bank under rule 21.

Disposal on depositor's death.

10. Each depositor shall as soon after he joins the fund as possible, be called upon by the Board to furnish a "Form of Declaration" showing how he wishes the amount of his accumulations to be disposed of on his death. A specimen of this form will be found as Appendix A to these rules.

11. An adopted child shall be considered to be a child for the purpose of these rules when, under the personal law of the depositor adoption is legally recognised as conferring the status of a natural child, but in this case only. If doubts arise in an individual case, the Board will take the opinion of the Legal Remembrancer through the District Magistrate and his opinion shall be final for the purposes of these rules. A declaration in favour of an adopted child is made at the depositor's risk and can be challenged at any time.

12. (*1*) A depositor may in his declaration provide for the distribution of a portion only of the amount. Thus the Form of Declaration may mention a specific sum or a specific proportion of the total amount. The disposal of the balance will be governed by rule 14.

(*2*) If minors are nominated in a Form of Declaration, the person or persons to whom sums intended for their benefit are to be paid should be stated in the Form of Declaration.

(*3*) Any Form of Declaration submitted by a depositor is revocable at any time and from time to time. A fresh declaration shall subject to rule 13 be operative only on being received by the Board. On a

depositor's marriage or re-marriage, any declaration already submitted by him will forthwith become null and void and unless a revised Form of Declaration is received, the amount of his accumulations will be dealt with under rule 14.

13. In the event of the depositor having a dependant, he is not permitted in his Form of Declaration to leave the amount of his accumulations or any part of it to any one who is not his dependant. Where a Form of Declaration purports to leave money otherwise than to a depositor's dependant, the Board shall call upon the depositor to state whether he has a dependant and if it is found that he has one, the Form of Declaration shall not be accepted. A depositor who has dependants has absolute discretion regarding the distribution of amount at his credit at the time of his death among those dependants. He may exclude any one or more of them in favour of another or others of them and the manner in which the distribution is to be made among them is also within his absolute discretion.

14. The disposal of the balance at credit of deceased depositor is regulated by section 4 (*1*) of the Provident Fund Act, 1925.

15. The Board will not be bound by, or shall not recognise, any assignment or encumbrance executed or attempted to be created which affects the disposal of the accumulations of a depositor who dies before retirement.

16. A deposit in the provident fund shall not be liable to attachment under any decree or order of any Civil, Revenue or Criminal Court in respect of any debt or liability incurred by the depositor, and neither the Official Assignee nor any Receiver appointed under the Provincial Insolvency Act, 1920, shall be entitled to or for any claim on, any such deposit.

Withdrawal of contribution and deduction from deposit.

17. If a servant is dismissed or removed or called upon to resign, on account of misconduct or inefficiency, or resigns without due notice, or is made liable for any losses, damages, costs and expenses, which the Board may at any time pay, sustain, or be put to, by reason of any act of embezzlement or default of or by such servant, the Board may, with the sanction of the Director of Public Instruction, withhold all or any part of the contribution allotted to him with the interest accrued thereon, and pay to the servant only the balance to his credit, without such contribution and the interest thereon.

Note.—In this rule the expression "due notice of resignation or appointment" means—

(*i*) in the case of servants drawing Rs. 80 a month and over, three months; and

(*ii*) in the case of other servants, one month.

18. If a servant is permitted to resign under circumstances other than those mentioned in rule 17 before he has rendered five years' complete service, the Board may, with the sanction of the Director of Public Instruction, withhold a portion of the contribution allotted to him with interest bearing the same ratio to the whole amount so contributed with interest thereon, as the number of years required to complete a service of five years bears to five years.

19. Any contribution and interest thereon withheld from a servant shall be credited to the District Primary Education Fund as an amount coming under section 37 (*1*) (*x*) of the Bengal (Rural) Primary Education Act, 1930.

Provident fund ledger and abstract of balance.

20. (*a*) A provident fund ledger in the following form having a separate page for each depositor's account will be maintained in the Board's office :—

Serial No. ———. Name———. Appointment———.

Deposits.							Amount advanced.	Balance after each transaction.	Initial of the President of the Board.	Columns for calculation of interest.			Proportionate amount held in postal cash certificates.	Remarks and note of withdrawal.

(*b*) As soon as any sum remitted to the savings bank under rule 6 is credited by the post master in the pass-book, the portion creditable to each depositor shall be entered in the ledger on the page set apart

for his account. When post office five-year cash certificates are purchased out of the balance in the savings bank, the proportionate share of each depositor shall be fixed and the amount shall be deducted from the amount against his name in column 9 and entered in column 14 of the ledger, until the cash certificate matures or is cashed. The total of column 9 of the ledger will be proved with the total balance of the pass-book monthly by means of an abstract of balances in the following form :—

	Deduct—Interest on Government and other securities not credited into the post office but included in the individual accounts																
	Total in pass-book																

21. (*1*) Calculation of the interest due on each account shall be made at the rate of 2½ per cent. per annum for each calendar month on the lowest balance at credit of an account between the closing of the fourth day and the end of the month. The yearly interest thus calculated on each account shall be entered in column 16 of the abstract of balances prescribed in rule 20. As soon after the 30th of April as the interest for the previous year is added by the post office to the principal of the fund and the interest on investment through other agencies is drawn by the Board and credited in the savings bank account [see rule 6 (*d*) (*ii*)], the total yearly interest calculated at the aforesaid rate of 2½ per cent. and entered in the depositor's accounts, as shown in column 16 of the said abstract of balances, shall be deducted from the total interest actually received for the year, and this excess interest, together with the gain or loss by the sale of Government securities, if any, during the year [see rule 6 (*d*) (*iii*)] shall be shared by those depositors whose credits in the provident fund exceed Rs. 100 in proportion to their balances on the 31st March; provided that for the purpose of calculating, and crediting to each depositor's account, his share of the excess interest, the total balance at the depositor's credit shall be taken as the nearest hundred. The interest thus calculated shall be added to the principal in column 9 of the depositor's ledger account (see form in rule 20).

(*2*) In the case of the post office five-year cash certificates, the total amount received from the post office shall be apportioned to each depositor, when the cash certificate matures or is cashed, in the proportion fixed at the time of the purchase.

(*3*) If any payment has to be made during the year on a depositor's account the interest calculated monthly at 2½ per cent. on that account shall be added to the principal in column 9 (see form in rule 20) and for his proportionate share in the post office cash certificates, the amount due as calculated from the figures given at the back of the cash certificate shall be added.

(*4*) The provisional increase to contributions under rule 5 shall be withdrawn from the savings bank and credited to the Board as a miscellaneous receipt. If, however, the provisional increase contains a fraction of an anna or if the total provisional increase be less than four annas this fraction or sum shall be left in the savings bank for adjustment at the close of the following year. When the balances have been thus compared and adjusted, the ledger account of the next year shall be opened.

22. A copy of the ledger account signed by the President of the Board shall be given to each depositor after the annual comparison and adjustment of balances. Depositors must satisfy themselves as to the correctness of these accounts, and unless errors in them are brought to the notice of the Board within one month from the date of their receipt, no claim based on such error will be subsequently recognised.

Dead accounts.

23. On a depositor leaving the service his account shall be closed, and unless the amount at his credit be withdrawn within a certain period, viz., for balances of Rs. 10 and under, one year, and for balances over Rs. 10 three years, it shall be written off as a dead account, and

repaid only under the orders of the Director of Public Instruction. The fact that the account has been closed will not operate as a bar to the interest being credited to the depositor's account, *i.e.*, the interest accruing until the amount of deposit is withdrawn for payment to the depositor or his heir or under rule 24, will be added to the deposit.

24. When accounts become "Dead" they must be removed from the provident fund ledger and be credited in the cash book as a miscellaneous receipt, the money being drawn out of the savings bank. On an amount being thus written off, it would be entered in a dead account register, in which subsequent repayment shall be noted in order to avoid a double payment.

Procedure.

25. The Board will endeavour to secure from all depositors on their first joining the fund the submission of the Form of Declaration prescribed in rule 10. If a depositor desires to revise his Form of Declaration, he should apply to the Board for the necessary form. Every declaration which is in force shall be carefully recorded in the personal custody of a responsible officer.

Rules regarding payment of gratuities.

26. No pension or annuity shall be granted to any servant of the Board. But teachers of primary schools managed by Board and servants of the Board whose salary does not exceed Rs. 30 per month, other than menials and inferior servants who have served the Board for at least six years may be granted by the Board a gratuity regulated as follows:—

No. L.-3050.—The following draft of a rule which the Governor-General in Council proposes to make in exercise of the powers conferred by section 77 of the Factories Act, 1934 (XXV of 1934), is published as required by sub-section (1) of section 79 of the said Act for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the 8th July 1935.

Any objection or suggestion which may be received from any person in respect of the draft before the said date will be considered by the Governor-General in Council.

Draft Rule.

Every Manager of a factory shall furnish to the Inspector of Factories or other officer designated by the Local Government in this behalf the following returns, namely:—

I. On or before the 15th January of each year, an annual return in duplicate in the form set forth in the schedule hereto annexed;

Provided that in the case of a factory in which work is carried on only during a certain season or certain seasons of the year, the Manager shall, if so required by the Local Government, or, if the Local Government so directs, by the Chief Inspector of Factories, submit the annual return within fifteen days after the close of that season or of the last of those seasons as the case may be.

II. Before the end of each calendar month, a return giving notice of all the days on which

the factory will be closed during the next ensuing month. This return shall be submitted whether the factory is or is not working during the calendar month preceding the month to which the return relates;

RESOLUTION.

New Delhi, the 13th April 1935.

Rules for the examination of candidates for admission to the Indian Audit and Accounts Service, the Military Accounts Department and the Indian Railway Accounts Service.

No. F.-15(6)-Ex. I/35.—In supersession of this Department Resolution No. F.-15 (3)-Ex. I/34, dated the 31st of May 1934, the following revised rules, which are liable to alteration from year to year are prescribed for the examination to be held in November 1935, for admission to the Indian Audit and Accounts Service, the Military Accounts Department and the Indian Railway Accounts Service.

1. A competitive examination for admission to the Indian Audit and Accounts Service, the Military Accounts Department and the Indian Railway Accounts Service, shall be held in India at such time as the Governor-General in Council may direct.

2. The maximum number of candidates to be admitted to the examination may, at the discretion of the Governor-General in Council, be limited to such number, not being less than 200, as the Governor-General in Council may decide. If the number of candidates exceeds that limit, the Public Service Commission shall select from among the applicants those who shall be admitted to the examination and in doing so shall have regard to the suitability of the applicants and to the adequate representation of the various provinces and communities of India.

3. (*i*) A candidate must apply to be admitted to the examination before such date, and in such form, and manner, as the Public Service Commission may prescribe.

(*ii*) If a candidate is in Government service at the date of his application, he shall apply through the Head of his Department, either—

(*a*) if he is employed by the Central Government, to that Government, or

(*b*) if he is employed by the Local Government or Administration, to that authority.

(*ii a*) If a candidate is not in Government service at the date of his application, he shall apply to the proper authority of the area in which he resides otherwise than only for the purpose of his own education.

(*ii c*) The proper authority for a Governor's Province shall be the Local Government of that Province; for Coorg, Delhi or Ajmer-Merwara, the Chief Commissioner; and for a State in India the Political Officer or Agent who must be addressed through the Government of the State.

(*c*) No candidate may make more than one application in respect of any one examination.

4. A candidate must be a male and either:

(*a*) a British subject of Indian domicile whose father (if alive), is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject, of a State in India or a person in the permanent service of the Crown or a person who had retired from that Service; or

(*b*) a ruler or a subject of a State in India:

Provided that in the case of a male British subject the requirements of this rule may be waived by Government if satisfied that their observance would occasion exceptional hardship, and that the candidate is so closely connected by ancestry or upbringing with His Majesty's Dominions as to justify special treatment.

Provided also that a ruler or a subject of a State in India cannot be appointed unless he has obtained a declaration required under Section 96-A, of the Government of India Act.

5. Candidates must have attained the age of 22, and must not have attained the age of 25, on the first day of August 1935.

Provided that a candidate who is over the age of 25 and under the age of 30 at that date may be admitted to the examination if he—

(*a*) holds substantively a permanent post under the Central or a Local Government, and

(*b*) is recommended by the Head of his Department.

6. A candidate must satisfy the Public Service Commission that his character and antecedents are such as to make him suitable for appointment to the public service. No candidate who is in the employment of the Central or of a Local Government will be admitted to the examination, unless the Head of his Department reports that his character and attainments are satisfactory.

7. The decision of the Public Service Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

8. A candidate must be a graduate of one of the Universities enumerated in the first appendix to these rules or hold the Senior Diploma of the Mayo College, Ajmer, or the Government Diploma in Accountancy.

Provided that, in exceptional cases, the Public Service Commission may, on the recommendation of the Central Government or a Local Government, treat as qualified a candidate who, though he has not any of the foregoing qualifications, has passed examinations conducted by other institutions of a standard which in the opinion of the Commission justifies, his admission to the examination.

9. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Public Service Commission.

10. No recommendations except those invited in the form of application will be taken into consideration. Any attempt on the part of a candidate to obtain support for his candidature by other means disqualify him for admission.

11. A candidate must pay the following fees:—

(*a*) Rs. 7-8-0 with the application form;

(*b*) If accepted for admission to the examination, Rs. 75-0-0 immediately after receipt of the certificate of admission; and

(*c*) Rs. 16-0-0 for the examination by a Medical Board.

Candidates are required to pay their medical fees in cash to the Medical Boards concerned at the time of their medical examination.

No claim for a refund of any of these fees will be entertained. Only treasury receipts for these amounts will be accepted by the Public Service Commission.

12. The examinations will be conducted by the Public Service Commission in the manner prescribed in the regulations in the second appendix.

13. (*a*) A list of competitors, in the order of proficiency as disclosed by the aggregate marks finally awarded to each competitor, shall be prepared by the Public Service Commission.

(*b*) Subject to the provisions of the Home Department Resolution Establishments No. F.-14/17-B/33, of 4th July 1934, appointments up to the number required will be made in the order of merit disclosed by the list prepared by the Commission, provided that sufficient candidates are found by the Commission to be qualified by examination and are considered by the Governor-General in Council to be duly qualified in all other respects.

(*c*) The Governor-General in Council shall assign successful candidates to the various services on a consideration of all circumstances, including any personal preference expressed by the candidates.

14. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of Government. A candidate who is found after examination by a Medical Board not to satisfy these requirements will not be approved. After the list mentioned in Rule 13 has been made out, candidates who are likely to be appointed will be medically* examined.

*In order to prevent disappointment, candidates are advised to have themselves examined by a medical practitioner, preferably a Civil Surgeon, before applying for admission to the examination. Particulars of the nature of the medical test to which candidates will be submitted before appointment and of the standards required can be had from the Public Service Commission.

ORDERED that the Resolution be published in the *Gazette of India*.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 1st April, 1935 :—

L. A. BILL NO. 23 OF 1935.

A Bill further to amend the Indian Tea Cess Act, 1903, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Tea Cess Act, 1903, for the purpose hereinafter appearing; It is hereby enacted as follows :— IX of 1903.

Short title. **1.** This Act may be called the Indian Tea Cess (Amendment) Act, 1935.

Amendment of section 3, Act IX of 1903. **2.** In section 3 of the Indian Tea Cess Act, 1903, for the words "eight annas" the words "twelve annas" shall be substituted. IX of 1903.

* The Governor General has been pleased to accord the sanction required by section 67 (2) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to raise the maximum rate of the cess levied on exports of tea from India by sea from annas eight per hundred pounds to annas twelve per hundred pounds, in order to finance intensive propaganda work in Indian markets as a complementary measure to the scheme of export restriction now in operation. The proposal carries with it the support of the tea growing industry in India and all Local Governments and Indian States concerned in the production of tea and a very large majority of the commercial bodies who have been specifically consulted on the proposal have expressed themselves in its favour.
